Best Practice 2

1. Title: Internationalization

2. Objectives

- Develop students' global awareness , intercultural skills and cross cultural communication abilities , enabling them to function effectively in global platform.
- Foster appreciation and understanding of different cultures, languages, and traditions, promoting respect and tolerance among students.
- Enable faculty to engage in international research projects, conferences, and exchanges, enhancing their expertise and global perspectives.
- Address global challenges such as climate change, health crises, and poverty through collaborative research and educational initiatives

3. The Context:

The context of internationalization in the education sector refers to the broader framework within which educational institutions and systems engage with global perspectives, collaborations, and activities. It encompasses various factors that shape the ways in which internationalization is approached and implemented in the education sector. In an increasingly interconnected world, internationalization responds to the need for individuals to navigate diverse cultural, economic, and social landscapes. Establishing partnerships with institutions from various countries enables cross-border collaboration, joint programs, and resource sharing.

4. The Practice:

Facilitated the exchange of faculty and staff between institutions to share expertise, conduct research, and collaborate on teaching projects. GRIP ((Global and Regional Inter-Professional Educational Plus Program) programme wherein students and faculty visited Chiba University of Japan.

A decade has passed with the extensive efforts put up by team SCON reach the goals and have become successful. Internationalization focuses on four strands of student and Programme mobility; infrastructure and policy support, development of research capability, and the employment of technology as an enabler.

Keeping in view the intricacies of Internationalization, SCON has kept its strongest foot forward. Faculty members of SCON have actively involved themselves in related events and activities that bring out the essence as well as the benefits of such fruitful engagement, be it International student admissions, Conferences, International research collaborations, Study India Programs or International Paper presentations.

A decade has passed with the extensive efforts put up by team SCON reach the goals and have become successful. Internationalization focuses on four strands of student and Programme mobility; infrastructure and policy support, development of research capability, and the employment of technology as an enabler.

5. Evidence of Success:

- Increased in the number of international students choosing to study at the institution indicates its attractiveness and global reputation.
- Students demonstrate improved intercultural skills, including effective communication, adaptability, and empathy.
- Collaboration with international partners results in joint research publications, showcasing the institution's global research contributions.
- Increased Faculty and Staff Mobility: Faculty and staff members engaging in international conferences, collaborations, and exchanges indicate a commitment to global knowledge exchange.
- Improved institutional rankings on international and global education platforms.

6. Problems Encountered and Resources Required:

Language proficiency disparities can hinder effective communication and learning experiences

Misunderstandings, stereotypes, and communication barriers can arise due to cultural differences among students and staff.

Providing cultural sensitivity training for students, faculty, and staff to promote

CHIBA UNIVERSITY

SYMBIOSIS
INTERNATIONAL (DEEMED UNIVERSITY)

MEMORANDUM OF UNDERSTANDING

Academic and Research Collaboration Between CHIBA UNIVERSITY, Japan And SYMBIOSIS INTERNATIONAL (DEEMED UNIVERSITY), India

1 Introduction

This Memorandum of Understanding (hereinafter referred to as the “MOU”) is made and executed on this 1st day of September 2022

between

CHIBA UNIVERSITY

a University established under the School Education Act (Act No. 26 of 1947, enforced on 1st day of April, 1947), and National University Corporation Law (Act No. 112 of 2003, enacted on July 16, 2003), and having its address at: 1-33, Yayoi-cho, Inage-ku, Chiba-shi, Chiba 263-8522 (Japan)

AND

SYMBIOSIS INTERNATIONAL (DEEMED UNIVERSITY)

a University established under Section 3 of the UGC Act 1956 and having address at: Symbiosis Knowledge Village, Gram : Lavale, Taluka : Mulshi, District: Pune 411042 (India), for and on behalf of its Department the Symbiosis Centre for International Education (SCIE), having its campus at : Senapati Bapat Road, Pune 411 004

Through its Registrar

(hereinafter referred to as “SCIE”) OF THE SECOND PART

[It is clearly and distinctly understood and acknowledged that this MOU has been executed by Symbiosis International (Deemed University) [SIU], on behalf of Symbiosis Centre for International Education [SCIE], one of its Departments. Therefore, all the rights and obligations as provided in this MOU shall be exercised / performed by SCIE on behalf of SIU and hence SIU in this MOU hereafter be construed as SIU/SCIE].

Symbiosis Centre for International Education (SCIE) is a Department of Symbiosis International (Deemed University) and is engaged in providing leadership and support to internationalize the campus and the curricula. International students from over 85 countries pursue their undergraduate and postgraduate studies at Symbiosis and SCIE aims to provide the students and faculty with opportunities to pursue their international academic interests to the fullest, be it through academic exchanges, or exposure to international conferences, seminars, workshops, and other resources;

MSH

2 Scope

The scope of collaboration on academic and research activities in this MOU includes the following categories:

- Academic and research collaboration in the areas of mutual interest.
- Exchange of academic information, scholarly information, materials and publications.
- Exchange of students and faculty.
- Sponsorship of cooperative seminars, workshops and other academic meetings.
- Other activities mutually agreed upon by the two institutions.

2.1 Academic and research collaboration in the areas of mutual interest

Both institutions seek to facilitate research collaboration between their faculty through sharing of research ideas, data, and academic resources that could lead to joint publications. Such opportunities may include joint research conferences, visitations and sabbaticals at each other's institution.

Faculty from both institutions will collaborate in the supervision of exchange students and in joint research in disciplines of mutual interest. All such joint research activities will be governed by the terms laid out in **Annexure 1**.

2.2 Exchange of academic information, scholarly information, materials and publications

Faculty from both institutions may exchange academic information (scholarly information, materials and publications etc).

2.3 Exchange of students and faculty

2.3.1 Student Exchange Programs

Both parties will seek to develop programs whereby their students have the opportunity to study at the other party's university with mutual recognition of the credit hours arising therefrom. Pursuant to the agreement for academic exchange, Chiba University, Japan and Symbiosis International (Deemed University), India will exchange students according to the terms laid out in **Annexure 2**. It is desired by both parties that there will be significant flow of students in both directions. Both institutions may facilitate internship facilities for exchange students provided there are no legal restrictions.

It is distinctively understood between the parties that this arrangement between the two parties is restricted to academic and cultural exchanges between students, faculty, staff and is not to be construed or read to be intended for offering any academic awards including Degree/Diploma.

2.3.2 Short Courses/ Summer School – These courses, usually two to four weeks in duration, will normally be held in spring or summer. The programs will facilitate visits by students and faculty to learn about the business environment, culture and any other fields in the host country. In addition to various topics on business operations, culture and any other fields, the course would include meetings with business executives, and visits to various industrial and business establishments. The cost of such programs can be worked out separately each year, since they would be held in addition to the regular semester teaching.

2.3.3 Exchange of Faculty

Both parties agree to develop opportunities for faculty to teach courses or conduct seminars at each other's location. Visiting faculty will be provided with opportunities to observe and share teaching methods and curricula.

Faculty members shall remain on the payroll of their home universities while teaching or researching at the host institutions. Both institutions assist each other in the necessary formalities for obtaining access to national or international scholarship funds.

2.4 Sponsorship of cooperative seminars, workshops and other academic meetings.

Both universities will try to enhance the collaboration by sponsorship of cooperative seminars, workshops and other academic meetings if specific grants are available.

3. Commencement, renewal, termination and amendment

This MOU will come into force upon affixing of the signatures of the representatives of the partner institutions and will remain in effect for **five (5) years**. This MOU may be renewed upon its expiry, with the agreement of both partner institutions.

If either partner institution wishes to terminate the MOU at the end of the five (5) years period it must notify the other institution not less than six (6) months prior to the expiry of the MOU.

This MOU or its renewal and the actions taken under it may be reviewed at any time. Modifications may be made by mutual agreement and any amendment or extension to the MOU may be formalized by the exchange of letters between the two parties.

4. Nature of this MOU

This MOU shall not bind either institution to any financial commitment.

PARTY OF THE FIRST PART

On Behalf of Chiba University

Dr. Toshinori Nakayama
President
Chiba University

Date 7/8/2022

PARTY OF THE SECOND PART

On Behalf of Symbiosis International (Deemed University)

Dr Vidya Yeravdekar
Executive Director
Symbiosis Centre for International Education

Date 01st September 2022

For Symbiosis International (Deemed University)

Dr. M. S. Shejul
Registrar

Date 01st September 2022

Annexure 1

1. Proposals for collaborative research work under this MOU will be submitted with the prior approval of the head of each institution, or his / her nominee.
2. Each institution will nominate one of its members as its representative in charge of the cooperative program. Individual programs of work under this MOU will be jointly planned and conducted by the nominees of both parties.
3. Progress of work of any individual program will be reviewed and approved by designated authorities of both parties.
4. The final approval of any project will depend on the availability of guaranteed support funds.
5. Neither Chiba University nor Symbiosis International (Deemed University) will be held responsible for any liability to the other party, and neither party shall be required to purchase any insurance against loss or damage to any property due to activities to which this MOU relates.

Every collaboration will have its own agreement / contract which address issues such as Intellectual Property Right, funding pattern, disclosure of information etc.

Annexure 2

General Guidelines

1. This Annexure covers the exchange of undergraduate and graduate students which will occur on a regular basis.
2. Exchange students from each university will be permitted to take courses on credit / audit, as well as participate in research activities / project work at the other university. Both institutions agree to only accept students who do not seek degrees at the host university.

In any case, the consent of the teacher / project supervisors / research supervisors is required. Such consent will take into account among other things whether the student has pre-requisites for the course / project.

3. Suitable candidates for exchange programs will be nominated by the home institution. The host institution will review their academic records and nominations to determine their eligibility for a particular program.
4. Prospective exchange students must satisfy the language proficiency requirements of their course of studies, and must have completed at least one (1) year of continuous study at the home institution before being admitted to the exchange program. Prospective exchange students who apply to study at the graduate level must have completed at least one (1) semester of graduate studies before being admitted to the exchange program. Exchange students are expected to return to the home institution upon completion of the exchange program.
5. Neither institution will require admission, registration or tuition fees to be paid by exchange students under this MOU. Exchange students will however pay for all other expenses.
6. Course credits and grades earned will be determined by the home institution based on the grade report from the host institution.
7. Each institution will accept up to 6 students each year. Both institutions will review the program annually for any imbalances in the number of exchange students and make an effort to maintain a reasonable balance in the number of exchange students. Both institutions will endeavor to make the number of exchange students equal by the end of the MOU.
8. Participants may not spend more than one year, normally, in the exchange programme.
9. Participants will be subjected to the rules and regulations of the host institution, in addition to specific rules and regulations, if any, of the host country regarding foreign students studying in the host country.
10. Participants will normally join at the commencement of the semester if they plan to take course.
11. Where the exchange student is pursuing a research or implementation project as part of the postgraduate degree program of home institution, the host institution will provide a suitable faculty member to jointly assist (along with the supervisor in the parent institution) the exchange student in formulating research project or jointly supervising the exchange student in the event that a research project has already been identified.
12. Each institution will, within the limits of their resources, assist exchange students covered under the terms of this agreement in securing accommodations and in achieving their study and research goals.

NSI

13. The host institution will inform the home institution of any academic or other problems that may arise during the period of student's residence in the host institution. The host institution will take appropriate action under its established policy and procedures, in consultation with the home institution to deal with such problems.
14. The students from Chiba University will have to pay the SCIE administrative charges for transcripts, medical check up, airport pickup, welcome kit, Insurance Charges which are compulsory. The students from Symbiosis International (Deemed University) will have to pay the fee for the National Health Insurance, the Personal Accident Insurance for Students Pursuing Education and Research (Gakkensai) and Comprehensive Insurance for Students Lives Coupled with Gakkensai (Inbound Futai-Gakusou), which are compulsory.

Selection Process

1. Students interested in applying for the exchange program are required to –
 - [From CU to SIU/SCIE] Apply to the International Students Division at Chiba University with
 - Curriculum Vitae along with the photograph.
 - Letter from the home institution that the students have been selected to do the course at the partner university.
 - Two recommendation letters from the faculty members of the institution where the applicant is studying. The faculty will take into account among other things, whether the student has pre – requisites for the course / project.
 - Statement of objectives of the student and a specific outline of the programme of study at the host institution, keeping in mind the number of credits required by the home institution.
 - Photocopy of the Passport.
 - Transcripts from the home institution about the courses which the students have already undertaken.
 - Proof of competency in English.
 - An undertaking from the student that he / she has understood the terms and conditions, rules as well as the credit evaluation.
 - [From SIU to CU] Apply to International Students Office at Symbiosis International (Deemed University). The application documents for Chiba University will vary depending on the program.
2. The home institution will forward the nominations, if it considers the student suitable for the proposed program. When nominations are forwarded it is presumed that the home institution consents to send the student if selected by the host institution.
3. The host institution will evaluate the nominations and determine their suitability for selection under the student exchange program.

SYMBIOSIS COLLEGE OF NURSING

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act, 1956 vide notification No.F.9-12/2001-U3 Government of India)

Re-Accredited by NAAC with 'A++' grade

Founder: Prof. Dr. S.B. Mujumdar (Awarded "Padma Bhushan" in 2012 & "Padma Shri" in 2005)

VISIT REPORT

This report is designed to summarize the visit of our Faculty and students of Symbiosis College of Nursing, SIU to **Chiba University, Japan** under GRIP (Global and Regional Interprofessional Educational Plus Program)

Date: February 27 to March 10, 2023 (Working days March 1 to 9, 2023)

Chiba University and SIU has an Agreement for all academic pursuits. Chiba and SIU have received GRIPS funding under which 10 Nursing Students were selected by the rigorous process to visit Chiba for Community outreach, and Chiba students will work under SCOPE.

Earlier in Nov 2022, Following delegates from Chiba University, Japan visited SCON, SIU to finalize the student exchange program.

1. Prof. Ikuko Sakai, Professor of Graduate School of Nursing, (Advanced Nursing Practice) Director of Interprofessional Education Research Center Chiba University
2. Professor Mayumi Asahina, Professor of Health Professional Development Center, Chiba University Hospital
3. Associate Professor Akiko Nosaki, School of Nursing, Department of Community Health Nursing, Chiba University

The GRIP program has three learning objectives, namely

1. Social Problem-Solving,
2. To observe the Interprofessional Collaborative Practice (IPCP)
3. To study the Cultural Diversity

Main motive is to study the social aspects and issues faced by Japan that are highly important for the growth and development of the country. This aspect covers the community area, healthcare facilities, and govt. Schemes and policies for the people. This program was designed around interaction with communities, and healthcare workers to study and understand the structure of the Japanese govt. to provide assistance to its people. Interaction includes acts of service and communication with NPO,

Healthcare staff and representatives of the Indian community in Tokyo researching the measures taken by the community to tackle natural disasters.

Re-Accredited by NAAC with 'A++' grade

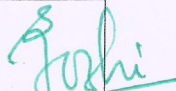

Founder: Prof. Dr. S.B. Mujumdar (Awarded "Padma Bhushan" in 2012 & "Padma Shri" in 2005)

The buddy system allowed students to become close friends and promote exchange between SIU and CU students. This led to the natural formation of a team of 20 students. The creation of an international student team was a significant achievement of this GRIP program, and we would like to express our gratitude once again.

Dr Sonopant Joshi was invited by Chiba University as a seminar speaker. It was a good start for the GRIP and building a harmonious relationship between the SCON, SIU, and Chiba University, Graduate School of Nursing

REPORT of UK Recruitment

DATE-May 23, 2023

Ms. Karamchandani Chandni, Director of Operations, in India, MMA Healthcare Recruitment approached Symbiosis College of Nursing for conducting the seminar for the students. As per request SCON has permitted them to conduct seminar on May 23, 2023.

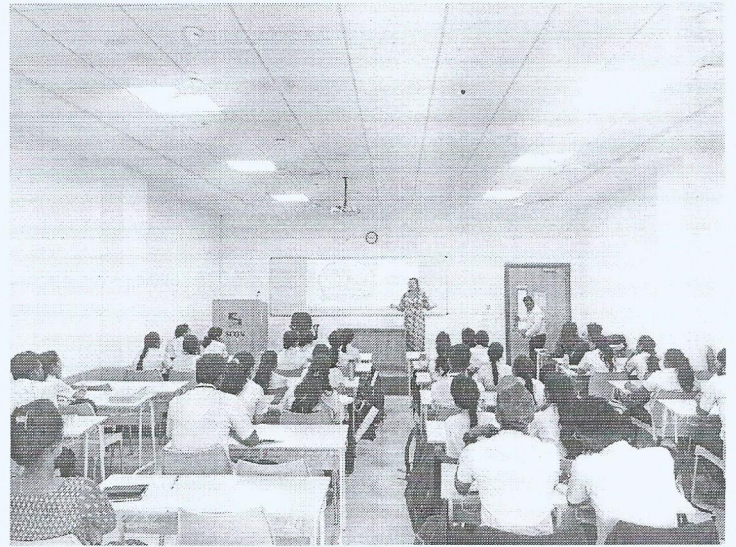

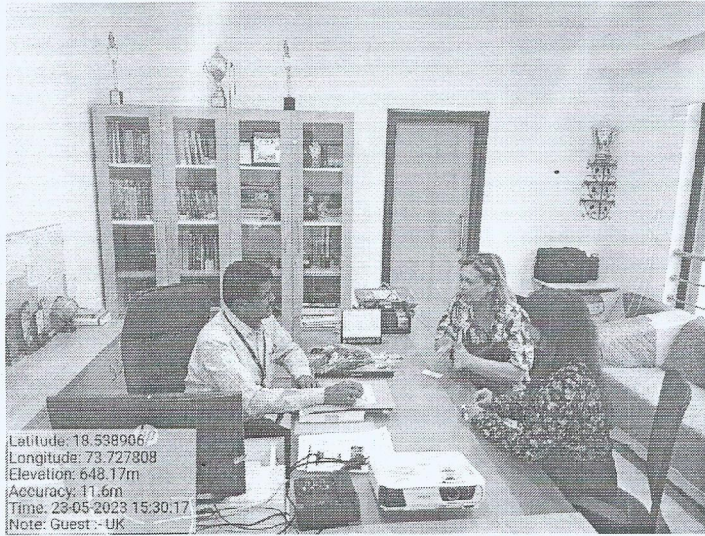

MMA Healthcare Recruitment (MMA) specializes in the International recruitment of registered nurses and healthcare professionals for the United Kingdom and Ireland. Melinda Moolman founded MMA Healthcare Recruitment in 1998 out of a determination to build a recruitment business that delivered a bespoke service centered **on the needs of overseas nurses.**

MMA offers a comprehensive support package (**UK Nursing Programme**) for their candidates embarking on working in the UK. Over the last 20 years, MMA has helped many overseas nurses relocate to the UK, arranging for them to be met at the airport, easing them through the stages of culture adjustment, introducing them to other overseas nurses for support, and generally being an all-important point of contact and advice for them.

MMA Recruitment has offices and associate networks across Romania, Portugal, Spain, Italy, South Africa, Botswana, India, and the Philippines.

Progress: 6 students are contacted them and they are in touch with them for further process.

NURSING 2023 – CAREER AND FAIR GO “FAR & BEYOND THE DREAMS”

Friday, May 12, 2023

Symbiosis College of Nursing (SCON) has organized the International Webinar on **Nursing 2023 – Career and Fair Go “Far & Beyond the Dreams”** dated on **May 12, 2023** in an outlook to provide awareness on career opportunities available for nurses across the globe. The webinar's main focus is to address the final year nursing students. SCON has proposed to organize online interaction platform connecting experts in the field of nursing across the globe.

Nursing is a versatile and dynamic profession. There are many career opportunities for nurses all over the world. Nurses who work directly with patients may perform various clinical procedures and act as patient care coordinators, educators, and advocates. Nurses are in huge demand in a variety of specialties and work settings in the health care sector at national and international level.

There are many career pathways. Nurses have an opportunity to work and study in the state and central government like DMER, DHS, Railways, MNS, industries, airlines, aerospace, ESI etc., and across the globe like Europe, UK, USA, UAE etc. Nursing students are inspired from COP to acquire vast information regarding career opportunities available at national and international forums and across the nations.

In this webinar, our alumni, nurse experts and recruiting agencies across the globe were interacting with the delegates through a web network. It was facilitated a wonderful opportunity for delegates to understand the process of international, national placements and inspiring living style and facilities provided for nursing officers in various sectors.

The webinar began at 0900 with registration of delegates for Webinar

Mr. Benson Mathai (Alumni) is Director of Care, Community Health Services, Ontario. He is an alumnus of SCON who has completed M.Sc. Nursing and P.B.B.Sc. Nursing at SCON.
