REPORT of UK Recruitment

DATE-May 23, 2023

Ms. Karamchandani Chandni, Director of Operations, in India, MMA Healthcare Recruitment approached Symbiosis College of Nursing for conducting the seminar for the students. As per request SCON has permitted them to conduct seminar on May 23, 2023.

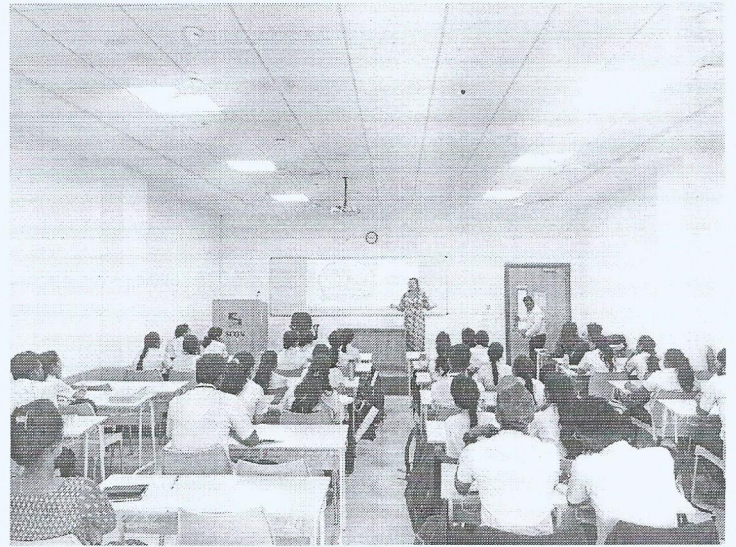

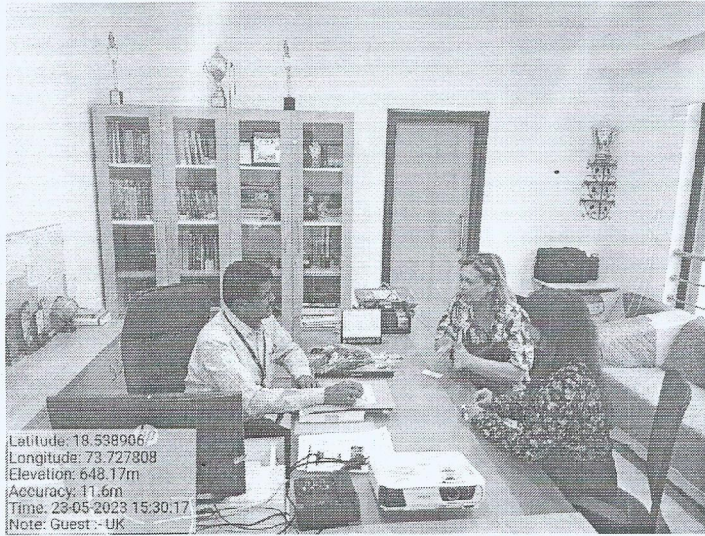

MMA Healthcare Recruitment (MMA) specializes in the International recruitment of registered nurses and healthcare professionals for the United Kingdom and Ireland. Melinda Moolman founded MMA Healthcare Recruitment in 1998 out of a determination to build a recruitment business that delivered a bespoke service centered **on the needs of overseas nurses.**

MMA offers a comprehensive support package (**UK Nursing Programme**) for their candidates embarking on working in the UK. Over the last 20 years, MMA has helped many overseas nurses relocate to the UK, arranging for them to be met at the airport, easing them through the stages of culture adjustment, introducing them to other overseas nurses for support, and generally being an all-important point of contact and advice for them.

MMA Recruitment has offices and associate networks across Romania, Portugal, Spain, Italy, South Africa, Botswana, India, and the Philippines.

Progress: 6 students are contacted them and they are in touch with them for further process.
