

COLLEGE OF NURSING,
BJGMC & SASSOON GENERAL HOSPITAL

॥वसुधैव कुटुम्बकम्॥

In collaboration with
SYMBIOSIS COLLEGE OF NURSING (SCON)
Symbiosis International (Deemed University)

WORKSHOP
On
“Research Methodology”

January 29, 2019

In the august presence of
Chief Guest

Dr. ARUN JAMKAR
Former Vice Chancellor
Maharashtra University of Health Sciences, Nasik

Guests of Honor

Dr. DILEEP MANE
District Health Officer, Z.P.
Government of Maharashtra

Dr. AJAY CHANDANWALE
Dean, Grant Medical College
& J. J. Group of Hospitals,
Mumbai

Dr. RAJIV YERAVDEKAR
Dean
Faculty of Health & Biological
Sciences
SIU, Pune

Dr. MURLIDHAR TAMBE
Dean
BJ Medical College & Sassoon General
Hospital, Pune

Dr. NILIMA BHORE
Dean/Principal,
BVCON, Sangli

Sharadha Ramesh, M.A., M.B.A., Ph.D.
Director and Professor
Symbiosis College of Nursing
Symbiosis International (Deemed University)
Pune-411004, Maharashtra

Inauguration Ceremony

Time	Programme
10:30 AM	Arrival of Dignitaries
10:32 AM-10:34 AM	Prayer song
10:34 AM -10:37 AM	Welcome address Mrs. RAJASHREE KORAKE <i>Matron</i> <i>BJ Medical College & Sassoon General Hospital, Pune</i>
10:37 AM -10:39 AM	Lighting of the lamp by Dignitaries
10:39 AM -10:42 AM	Felicitation of the Dignitaries
10:42 AM -10:44 AM	Address by Dr. MURLIDHAR TAMBE <i>Dean, BJ Medical College & Sassoon General Hospital, Pune</i>
10:44 AM - 10:47 AM	Dr. AJAY CHANDANWALE <i>Dean, Grant Medical College & J. J. Group of Hospitals, Mumbai</i>
10:47 AM -10:49 AM	Dr. NILIMA BHORE <i>Dean/Principal, BVCON, Pune</i>
10:49 AM -10:52 AM	Dr. DILEEP MANE <i>District Health Officer, Z.P. Government of Maharashtra</i>
10:52 AM -10:55 AM	Dr. RAJIV YERAVDEKAR <i>Dean, Faculty of Health & Biological Sciences, SIU, Pune</i>
10:55 AM - 10:58 AM	Address by Chief Guest Dr. ARUN JAMKAR <i>Former Vice Chancellor, Maharashtra University of Health Sciences, Nasik</i>
10:58 AM -11:00 AM	Vote of Thanks DR. SHARADHA RAMESH <i>Director, SCON</i>

Sharadha Ramesh, Ph.D., M.A., Ph.D.
Director and Professor
Symbiosis College of Nursing
Symbiosis International (Deemed University)
Pune-411004, Maharashtra

Date: 29.01.2019 **Time:** 8:00 am – 5:00 pm

Day: Tuesday

Venue: MG Auditorium, B. J. Govt. Medical College, Pune

Program Schedule

Time	Event	Resource Person
8:00 – 8:45 AM	Registration (near Matron Office) & Breakfast (TV room)	
8:45 – 9:30 AM	Keynote Address Review on classification of Research Design	Mrs. Rajashree Korake Lt. Col. Shobha Naidu
9:30 – 10:30 AM	Making problem statement, objective, operational definition & tool preparation.	Dr. Sharadha Ramesh Dr. Sangeeta Bhujbal
10:30 – 11:00 AM	Inauguration Ceremony	
11:00 – 11:15 AM	Tea Break	
11:15 – 12:00 PM	Identifying target population, sampling method & determining sampling size.	Mrs. Jasneet Kaur Smt. Mrudula Phule
12:00 – 12:45 PM	Types of Hypothesis, Error associated with Hypothesis and Hypothesis Testing.	Mr. Dipak Sethi Mr. Vijay Kadam
12:45 – 01:45 PM	Lunch	
01:45 - 2:30 PM	Ethical and Legal consideration in Research	Dr. S. G. Joshi Smt. HemlataThopte
02:30 – 03:15 PM	Hands on skill in statistics	Dr. Sharvari Shukla Director Symbiosis Statistical Institute (SSI)
03:15 – 04:00 PM	Communicating research and publication process	Dr. Urvashi Rathod Director Symbiosis Centre for Research & Innovation (SCRI)
04:00 – 04:30 PM	Valedictory Function, Certificate Distribution & Feedback	
04:30 – 05:00 PM	Tea Break	

Thank You

SYMBIOSIS COLLEGE OF NURSING

Date: 29th Jan 2019

Workshop: Research Methodology

Introduction:

Research is one of the essential component for any professional growth and advancement and Nursing is no exception to it. Research is one of the important subjects in the nursing curriculum in order to ensure that nurses are familiar and are motivated to take it up as an essential component of their practice with an ultimate purpose of improving patient care.

Initiation of the concept:

This was an incidental and advantageous co-incident that Mrs. Rajshree Korake, Nursing Superintendent, Sassoon General Hospital, invited as the Chief Guest at the Lamp Lighting ceremony to Symbiosis College of Nursing, proposed if both the premier institutes could collaborate on a common platform as a Public Private Partnership. Thus, this project was taken ahead in the form of workshop based on the theme – Research Methodology.

Activities:

For the implementation of the PPP project, collaborative committees were formulated in which faculty members of both the organization were involved and task was accordingly distributed. Periodical meetings were held to refine the tasks and for making decisions. Finally on 29 Jan 2019 the workshop was conducted in a grand way under the Chairmanship of Dr. Sharadha Ramesh, Director, SCON and Mrs. Rajshree Korake, Nursing Superintendent, Sassoon General Hospital, Pune.

Invitees for the Workshop:

Following were the invitees –

Chief Guest: Dr. Arun Jamkar, former Vice Chancellor, MUHS, Nashik

Guest of Honour: (Appendix A)

Dr. Dileep Mane, DHO, Govt. of Maharashtra

Dr. Ajay Chandanwale, Dean, GMC & JJ Group of Hospitals, Mumbai

Dr. Rajiv Yeravdekar, Dean, Faculty of Health and Biological Sciences, SIU, Pune

Dr. Murlidhar Tambe, Dean, BJ Medical College & Sassoon General Hospital, Pune

Dr. Nilima Bhore, Dean/Principal, BVCON, Sangli

Delegates: Students and Nursing Staff of Sassoon College of Nursing, Sassoon General Hospital, students of BV College of Nursing, Sangli and Symbiosis College of Nursing, Pune.

Inaugural function & Scientific sessions: (Appendix B)

The inaugural function of the workshop was held on 29 Jan 2019. The Chief Guest and the Guests of Honour appreciated the efforts taken up by the two organizations for coming together for a good cause, as a Public-Private-Partnership endeavour. They said that this model could be taken ahead in various forms to benefit the stakeholders.

Mrs. Rajshree Korake, Nursing Superintendent, Sassoon General Hospital, Pune delivered the Keynote address. The Scientific sessions were continued after the inaugural function in which Speakers from Sassoon as well as Symbiosis College of Nursing discuss the various areas of Research methodology. Dr. Sharvari Shukla, Director, Symbiosis Statistical Institute, SIU, conducted Hands-on-skill while discussing the statistical implications. The last speaker for the day was Dr. Urvashi Rathod, Director, Symbiosis Centre for Research and Innovations, conducted a session on Communicating research and publication process.

Conclusion:

Conduct of this program was a grand success, with everybody praising the efforts and for conducting the event meticulously.

Dr. Sharadha Ramesh, Director of SCON and Deepak Sethi published book on Medical Surgical Nursing.

Dr Sharadha Ramesh Felicitating Mrs Rajshree Korke, nursing Superintendent Sassoon Hospital

Book release of Dr Sharadha Ramesh, Director SCON and Mr Deepak Sethi, Asst Prof SCON during the workshop

Sharadha Ramesh, M.A., M.B., Ph.D.

Dr. Urvashi Rathod

Director - Symbiosis Centre for Research and Innovation (SCRI)

Dr. Urvashi Rathod is a Professor with the academic and research focus on Software Engineering and Project Management. She is a Doctorate from Birla Institute of Technology and Science, Pilani. She has been in IT industry for about twenty eight years with an entrepreneurial stint of eight years in Software Development. She has published research papers in high impact factor journals of Elsevier, Emerald and Springer.

She has been a recipient of research grants from international organizations like IBM and PMI, USA. She is on Editorial Boards of the journals that are indexed in Scopus. She has been a regular reviewer and Program Committee member of international research conferences of repute and has chaired international research conferences held in India. She has been collaborating with the researchers from the universities in USA and UK. She has given research consultancy to industry. Her leadership and research excellence in the field of software engineering and project management has been recognized by the forums including Society for Reliability Engineering, Quality and Operations Management (SREQOM). Two students have completed their Doctorate under her guidance and other three are pursuing Ph.D. under her. She has been a resource person to Ph.D. programmes to several institutions. Her teaching experience is of 20 years including 4 years in professional programmes and 16 years in Post Graduate programmes. She had been associated with IIM Indore for about five years in the capacity of Academic Fellow. She teaches courses like IT Strategy, Technology Management, Software Engineering, Project Management, Software Estimation and others related to Software Engineering and IT in Business. She has received accolades for teaching and research from the learners and authorities all across her career.

Resume

Prof. Dr. Arun Vyanktesh Jamkar

MS, PhD, FICS, FMAS, FIAGES
FAIMER Fellow

**Former Vice-Chancellor,
Maharashtra University of Health Sciences, Nashik**

Cell: +91 9371018208

Residence: +91 20 2565 6440

Email: jamkar@gmail.com

Index of Resume Heads

PART A

- (1) Academic record:** **Page No. 6**
MBBS, MS, PhD, FICS, FMAS, FAIGES, FAIMER Fellow,
Achievements/Prizes, Medals, Scholarships, Languages
- (2) Experience in field of Higher Education:** **Page No. 9**
36 Years 9 Months
Vice- Chancellor, Dean, Professor of Surgery, Associate Professor of
Surgery, Lecturer in Surgery, Lecturer in Orthopaedics
- (3) Research Publications:** **Page No. 16**
Books-5, Research Papers-49, Communications-6
- (4) Research Projects:** **Page No. 29**
Completed-10, Clinical Trials -5, Ongoing-5, Patents-2
- (5) International Exposures:** **Page No. 33**
- (6) Organizational experience:** **Page No. 34**
Conferences, Workshops, Societies -17, Papers Presented-14
- (7) Demonstrated experience in leadership:** **Page No. 38**
Teaching, H1N1 epidemic, German Bakery Blast, CTU etc.

PART B

- (1) Experience of working on the Statutory Authorities:** **Page No. 42**
Member of: Senate, BOS, Faculty, etc.
- (2) Experience of handling Quality Issues:** **Page No. 44**
- (3) Experience as Ph. D. guide:** **Page No. 45**
26 years, Students: M.S. - 27, Ph.D. - 5
- (4) Experience of Youth Development:** **Page No. 48**
19 activities

PART C

Skills and Competencies

(1) Technical Skills

- (i) Openness towards technology and a deep conviction regarding its potential applications in knowledge-based setting;**

Member-10, Training -6, Papers-3, Presentation – 14

Page No. 51

- (ii) Reasonably high level of comfort in the use of technology:**

Laparoscopic Surgery-1990, Kidney Transplants-1994, Video Conferencing- 2006, Telemedicine - 2008, Palliative Surgery- 2009

Page No. 55

(2)(i) Managerial skills: Event anticipation and strategic planning

Motivating a diverse group of stakeholders, Medical, Paramedical, NGOs, Pune Model of Swine flu Management, District Adoption Plan, Disaster Management

Page No. 56

- (ii) Managerial skills: Resource generation & allocation:**

As Dean- Swine flu epidemic, Public Private Model, German Bakery Blasts, Hospital & college expansion plan

Page No. 58

- (iii) Managerial skills: Intelligent planning with tight deadlines:**

Examinations, Budgetary Proposals, Expansion Plans, AIIMS Status Proposal

Page No. 60

- (iv) Managerial skills: Fiscal control**

Page No. 61

Efficient Management of Budgetary Provisions, Resource Generation, Curtailing Fiscal Deficits

(3) Alignment with Corporate Objectives, State & National Priorities:

- (i) Ability to identify the needs of the communities in key sectors**

Page No. 68

- (ii) Deep understanding of the challenges before the nation and how Higher Education can respond to developmental needs**

Page No. 70

- (iii) Demonstrable understanding of curriculum development issues, especially those relating to widening participation and social inclusion**

Page No. 71

(4) Leadership Skills:

(i) Motivation of stakeholders: **Page No. 72**
Students, Teachers, Government, Corporate Sector, NGOs etc.

(ii) Achieving Goals of Organization: **Page No. 73**
Administrative, Academic

(iii) Strategic & Innovative Approach in broad perspective: **Page No. 74**
Patents, Administrative reforms

(iv) Consultative Approach: **Page No. 76**
New ideas – Laparoscopy, Renal Transplant, IT Application

(5) Interpersonal & Collaborative Skills:

(i) National & International Collaborations: **Page No. 77**

(ii) Communication: **Page No. 78**
One-to-one & Large forums,
Orations-3, Guest Lectures-21, Conferences & Symposia-9, Chaired
Scientific Sessions-4

(iii) Active member of professional bodies & associations: **Page No. 113**

(1) Academic Record - Educational Qualifications

Ph. D.	May 1987	Pune University
		Faculty of Medicine: Surgical Oncology Thesis on: - Clinico-Immunological Correlation of Natural Killer Cell Activity and Interferon Parameters in Oral Cancer.
M. S. (Gen. Surgery)	December 1977	Marathwada University Aurangabad, Govt. Medical College, Aurangabad
		• 1st in University
M.B.B.S.	December 1973	Marathwada University Aurangabad, Govt. Medical College, Aurangabad
	Ist MBBS	• 1st in University • Dr. Palnikar Prize for 1st in University
	IInd MBBS	• 1st in University, • Distinction in Pathology, • Darak Prize for 1st in University. • Gold Medal for Distinction (National Infectious Disease Conference)
	IIIrd MBBS	• 2nd in University, • Nagori Prize and • Scientific Conference Fund Prize for 1st in Surgery
FICS		Fellow of International college Of surgeons, 2006
FMAS		Fellow of Minimum Access Surgeons of India, 2009
FIAGES		Fellow of Indian Association of Gastrointestinal Endo Surgeons, 2010
Fellow of FAIMER		Fellow of FAIMER Institute, 2006 (Foundation for Advancement of International Medical Education)
Pre-professional Awards		Post-matriculation National Merit Scholarships 1967, Second in Marathwada University in B.Sc. First Year 1969.
Languages Known		English, Hindi, Marathi, Sanskrit

Academic Achievements/Prizes, Medals, Scholarships

- Post-matriculation National Merit Scholarships, 1967.
- Second in Marathwada University in B.Sc. First year, 1969.
- 1st in Marathwada University, I M.B.B.S., 1970
- Dr. Palnitkar Prize for 1st in Marathwada University, 1970.
- 1st in Marathwada University, II M.B.B.S., 1972.
- Darak Prize for 1st in Marathwada University in II M.B.B.S., 1972.
- National Infectious Disease Conference Gold Medal 1972 for Distinction in Subject of Pathology.
- Second in Marathwada University, III M.B.B.S., 1973.
- Nagori Prize for 1st in Surgery in University, 1973.
- Scientific Conference Fund Prize for 1st in Surgery in University in 1973.
- 1st in University MS Examination Marathwada University 1977
- Six research papers awarded best paper of the conference at various regional and National Conference
- Ranbaxy post graduate clinical Research Award 1995 given to my student for work done under my guidance Topic: Indiana Pouch: a method of continent urinary diversion.
- J. N. Tata Endowment Fund Mid term Fellowship to study Freeman Hospitals Newcastle upon Tyne UK For Cadaveric Transplant, Liver transplant 1996
- Doctor Ratna Award by Kirad Foundation
- Uttar Bharatiya Sangh Gourav Puraskar
- Rotary Pune central Vocational award of 2009-2010, for providing human service to society beyond the call of duty during H1N1 Outbreak of Pune city. Awarded on 24th Oct 2009
- Chairman, Association of Health Sciences Universities in India: May 2011.
- Member, Pravesh Niyantaran Samiti, Government of Maharashtra State - July 2011.
- Member, Group of Experts set up to study the existing Indian Medical Council (IMC) Act, 1956 : July 2014, November 2014

Fellowships:

FICS	Fellow of International college Of surgeons, 2006
FMAS	Fellow of Minimum Access Surgeons of India, 2009
FIAGES	Fellow of Indian Association of Gastrointestinal Endo Surgeons, 2010
Fellow of FAIMER	Fellow of FAIMER Institute, 2006 (Foundation for Advancement of International Medical Education)
Honorary fellowship AMASI	Honorary fellowship of the Association of Minimal Access Surgeons of India (AMASI) May 2011 6 th International Congress of AMASI (AMASICON 2011) at Singapore.
Honorary fellow	Honorary Fellow of the Association of Rural Surgeons of India (ARSICON 2011) December 2011 Honorary Fellow of the Association of Minimal Access Surgeons of India-FMAS , July 2012 at Coimbatore, Tamilnadu Honorary Fellowship of Indian Psychiatric Society (IPS) during Annual Conference at Bangalore on 13 th January 2013 Honorary Fellowship of International Society of Coloproctology during First World Congress of Coloproctology WORLDCON 2014 on 11 th January 2014 at Nagpur Honorary Fellowship in International Bioethics Education jointly conferred by Maharashtra University of Health Sciences & UNESCO Chair in Bioethics Haifa on 2 nd Nov. 2015 at Nashik
Pre-Professional Awards	Post-matriculation National Merit Scholarships 1967, Second in Marathwada University in B.Sc. First Year 1969.

Awards:

1. Rotary Pune central Vocational award of 2009-2010, for providing human service to society beyond the call of duty during H₁N₁ Outbreak of Pune city. Awarded on 24th Oct 2009
2. "Award for outstanding contribution to education" during World Education Congress -2012 of Global Advisory Council.
3. "Distinguished Doctor Award" by Indian Medical Association, Mumbai Branch for valuable services rendered to the society and the medical fraternity on 1st July 2011
4. "Award for outstanding contribution to education" during World Education

Congress -2012 of Global Advisory Council on 29th June 2012.

Professional experience: Surgical field

Surgical Experience

- Personally performed more than 2500 major surgical procedure which includes oesophagectomy, Whipple's pancreatico-duodenectomy, pancreatico-jejunostomy, nephrotomy, nephro and pyelolithotomy, etc.

- Performed more than 1000 procedures on oral cancer especially interested in surgery of cancer.

Urological Experience

- Performed 500 major open urology procedure like Nephrectomy
- Pyloroplasty., Indiana Pouch continent urinary diversion. Surgery for
- Tumours, and Urolithiasis, Stricture Urethra etc
- Performed more than 1000 endourological procedures like TUIP, TURP, OIU, TURBT and diagnostic urology etc.

Renal Transplantation

- Recognized as Transplant Surgeon for Kidney transplantation by Appropriate Authority of Maharashtra State We have performed 18 related live donor renal transplantations
- Responsible for recognition of the Center and now work of administrative set up is allotted to me at B J Medical College Pune

Laparoscopic Surgery

- Performing basic and advanced Laparoscopic surgical procedures and guiding basic research in Laparoscopic surgery
 1. Study of knots and sutures in laparoscopy
 2. Study of CO2 insufflators, studying advantages of Volume priority , CO2 insufflators
 3. Study of Electric cautery and insulation of Instruments used in laparoscopy

Major laparoscopic procedures

Splenectomy, Cardiomyotomy, Hepatic resection , Adrenalectomy, Ureterolithotomy, Pyeoplasty, Rectopexy. Drainage procedures for Pseudocyst of pancreas etc. are being done. Total procedures performed 120.

Patents:

My Ph.D. student has devised a volume priority CO2 insufflator. It has been patented by Indian Patent under number 1234/Mum/2010/dated 15/04/10.

Experiences in Medical informatics and Computer in Medicine

- Technical Member of PRIB , Persistent Research and Innovation Board ,Persistent System Pvt. Ltd, Pune,
- Long experience of using computers in medicine from days of 486, Pentium1 to today's computers with core i7 and Macs
- Experience of Database handling from dbase, Foxpro and then Microsoft access and then SQL technology.
- Expert in all presentation technology from Harvard graphics to Microsoft PowerPoint 10 in both windows and mac environment
- I was a representative of India for International digital Epidemiological Study on "Acute Pain in Abdomen". World Congress of Gastroenterology (OMGE) on Project Director Dr. Ohmann, of University of Düsseldorf, Germany.
- Created a huge database of Around 260 symptoms of 5000 patients of acute abdomen, Appendicitis, Intestinal obstruction and other inflammations in abdomen
- A pioneer module of Artificial Intelligence System has been developed from this database and validated in diagnostic capability in Acute abdomen. (Evaluation of Computer assisted Medical Decision making software in management of Acute abdomen. Medical Journal of Western India. 28: 45-49. 2000)

- He collaborated in creating, 'Biocrates' a scientific platform offers opportunities to budding innovators to overcome financial, societal, administrative constraints and take that plunge, where presenting interphase between medicine and engineering. inter disciplinary platform of PSPL (Persistent Systems Ltd)
- Organized 1st National Consultation for "" Promoting Research in Instrumentation and Robotics Surgery" on 7th and 8th April 2012 at Dewang Mehta Hall, Persistent Systems Ltd, Bhageerath, 402, SenapatiBapat Road, Pune. where concerned specialist like surgeons, technocrats, industry and academic bureaucrats and policy makers discussed.
- helping to develop first indigenous MRI by SAMEER (Society for microwave electronics and engineering research),SAMEER is given mandate by Govt of India to develop first Indian MRI
- Founded as a Director "Inter-Institutional Inclusive Innovations Corporation (i4C)" a platform to develop innovators into entrepreneurs.
- As a Director, I4C organized "Digital Pune Hackathon 2015'.that has received tremendous response. This initiative has challenged all Computer Sciences, IT, ENTC under-graduate and post-graduate students from approximately 60 colleges within Pune to build out-of-box solutions to solve the current problems of Pune city, especially in sectors such as Power, Water & Sanitation, Education, Public Health, Transportation, and Citizen Security. In a grand finale, youngsters will program together for 30 hrs to build smart applications which subsequently can be used by the government agencies for better governance, monitoring and management of various services. Six top innovations were selected and being used to develop products
- Established first Department of Medical Informatics in Maharashtra University of Health Sciences, state medical university in Nashik
- Honoured by inviting me
 - Chief Guest for 2nd International Workshop on Advances in MRI Technology on 6th January 2015 at Victor Menezes Convention Center, Infinite Corridor, Academic Section, IIT Bombay, Powai
 - Chief Guest for National Workshop on Medical Imaging (With focus on MRI) on 19th June 2015 at Victor Menezes Convention Centre (VMCC), IIT, Powai, Bombay
 - Chief Guest for Valedictory functions of MRI 2011, Interdisciplinary course on 24th June 2011 at VMCC Building, IIT Bombay

- Chief Guest for IT Day function of Computer Society of India Nashik Chapter on 23rd September 2011 at Nashik. Delivered a lecture on "Information Technology and Medical Education".

(3) Research Publications

a) Books

1. Natural killer cell activity and in vitro modulation of NK activity by Leukocyte Interferon in oral cancer patients in Monogram. *Interferon in Biomedical Research*. Ed. B. N. Dhawan, R. K. Maheshwari, N. B. Sing. Central Drug Research Institute, Lucknow, 1987, p124-132
2. Possible applications of interferon, interferon inducer and antiviral drugs against Japanese Encephalitis: *Proceedings of. National Conference on. Japanese Encephalitis*. 1984, p41-48, published by Indian Council of Medical Research, New Delhi.
3. *Chapters on Endocrine Surgery, and Oesophagus in Basic Undergraduate Surgery - Ed by Ghoshal, Pal and Saha, Published by Academic Publishers Kolkata 2005*
4. *Chapters on Kidney and Prostate in Essentials of surgery 3rd Edition, Ed by Sanjay Azad* Published by Paras Publishing Hyderabad

5. *Chapter on Genito-urinary Tuberculosis In Tropical surgery Ed by Col Rajan Choudhary Paras Publications Delhi 1st Edition*
- 6 Chapter on 'Faculty Development in Health Profession Education- The Health Sciences University Model- Interprofessional Education Leadership in Action' of Dr. Arun Jamkar, Payal Bansal, published in Leadership Development for Interprofessional Education published by Palgrave Macmillan (Edited by Dawn Forman, Marion Jones and Jill Thistlethwaite) - 2014
7. Article : Inclusive Innovation through BharatOvation- Sakal EDUCON June 2013 Issue I Vol. III
8. Capacity Building in Health Professions Education: The Health Sciences University Model in International Handbook of Medical Education: What Works of Dr. Arun Jamkar, Payal Bansal, Editors: Khalid Bin Abdul rahman, Ronald Harden, and Stewart Mennin. (In press)

b) Research Papers

1. Immunotherapy of advanced carcinoma maxilla with Immunosensitised pig lymph node cells with xenogenic transfer factor.
Ind. J. Cancer 17: 5-30, 1980.
2. Immunotherapy of advanced carcinoma maxilla with Immunosensitised pig lymph node cells. *Ind. J. Otolaryngology. 33: 7-11, 1981.*
3. Present therapeutic status of interferon therapy in malignancy.
NIV News Bulletin, 4(2): 1981
4. Interferon (type-alpha and gamma) production by fresh and cryopreserved human mononuclear cells.
Archives of Virology, 69: 91-94, 1981.
5. Regional cyclophosphamide therapy in advanced carcinoma maxilla
Ind. J. Otolaryngology. 31: 11-13, 1979.
6. Primary adenocarcinoma of renal pelvis.
Ind. J. Surgery 42 : 41-45, 1980
7. Sarcoma botryoids.

- Ind. J. Surgery 42: 95-98, 1980.
8. Extra-articular synovial chondromatosis of popliteal bursa.
Ind. J. Surgery, 42: 199-203, 1980.
 9. Report of cases treated with Netlimycin.
Medical J. Western India, 10: 5-11, 1982.
 10. In vitro modulation of NK cell activity by type alpha interferon in oral cancer: Relationship with size of tumour and lymphnode metastasis.
Ind. J. Cancer 20: 49-53, 1983.
- This paper has been reviewed on Oncology overview selected abstracts on *Mechanism of Metastasis. National Cancer Institute Publication, Sept. 1984, p. 59.*
11. In vitro modulation of NK cell activity by type alpha interferon in oral cancer: Criteria for selection responders and non-responders.
Ind. J. Cancer 20 (2): 54-58, 1983
 12. Intestinal obstruction, an unusual case.
Ind. J. Patol. Microbiol. 26 : 139-144, 1983.
 13. Immunotherapy of cancer.
Med. J. Western India. 11: 1-20, 1983.
 14. Morphological features of peri ampullary carcinoma of pancreas and their clinical significance.

Abstract published in Digestive Surgery. Aug. 1984, p. 130
 15. Successful surgical separation of incomplete conjoined twin
Indian J. Surgery 48: 365, 1986.
 16. Effect of Cyclophosphamide – Methotrexate chemotherapy on NK-IFN system in oral cancer.

Medical Journal of Western India.15 : 25-31, 1987
 17. Effect of surgery and Anaesthesia on natural killer cell activity in oral cancer.
Indian Journal of Anaesthesia. 35: 350, 1987.
 18. Interferon producing capacity of Mononuclear cells in oral cancer patient.
Indian Journal of Cancer, 26: 76-84, 1989.
 19. Circulating interferon in oral cancer patients.
Medical Journal of Western India, 19: 88-94, 1991.

20. Prolene Mesh proctopexy: A new approach towards complete rectal prolapse.
Medical Journal of Western India. 18: 41-45, 1990.
21. Interferon producing capacity of MNC: Correlation with post operative survival & recurrence free interval.

J of Clinical Genetics & Immunology1 : 46-56, 1996
22. Study of Cooper ligament Repair for groin Hernias
Bombay Hospital Journal 38(4):844-846, 1996
23. Comparative evaluation of Ibuprofen and Ibuprofen + Paracetamol in Management of postoperative pain.

Indian medical Gazette 82 : 121-127, 1998
24. Application of 99m –Tc DTPA scan in evaluation of non functioning Kidney
Indian Journal of Nuclear Medicine 13:147, 1998
25. Internet in Nuclear medicine *in Proceedings of 30th annual conference Of Society of Nuclear medicine 45; 1998*
26. Sodium picosulphate vs. bisacodyl in bowel clearance prior to radiological examination: A clinical evaluation;

Indian medical Gazette 83:273-277. 1999
27. Application of nuclear medicine in Obstructive uropathy
Medical Journal of Western India 27:14-16, 1999
28. Internet in Medicine.

Medical Journal of Western India 26;126, 1999
29. Internet in surgery *in Proceedings of 30th annual conference of MASICON 63-66. 2000*
30. Evaluation of Computer assisted Medical Decision Making software in management of Acute abdomen.

Medical Journal of Western India. 28: 45-49. 2000
31. Case Report of “Hydatid cyst of the suprarenal gland” *accepted for publication in the clinical Urology Section of Journal of urology*

32. Deltopectoral flap in Reconstruction of Oral cancer defects
Indian Journal Of Cancer :37: 56-59, 2000
33. Case report of Primary Tuberculous Thyroiditis
Medical Journal of Western India. 29:125, 2002
34. Case Report of "Disc Kidney"
Medical Journal of Western India. 29:126, 2002
35. Sildenafil Citrate in Male Erectile Dysfunction"
Milestone- Journal of DMER Mumbai Vol.1, No.1, April 2002. p 25
36. Prepuccial flap Urethroplasty for Ante stricture urethra
Medical Journal of Western India. 32 100-104, 2002
37. Carcinoma Oesophagus Review Article
Medical Journal of Western India. 31:27-34, 2003
38. Application of DTPA scan for evaluation of non functioning Kidney
Medical Journal of Western India. 31: 35-41, 2003
39. Diagnosis and conservative management of Boerhave's Syndrome
Medical Journal of Western India. 31: 100-104, 2003
40. Integrated teaching programme with student centered case based learning for undergraduates at B J Medical College Pune :
Medical Education 2006 May; 40(5):466-7.
41. Hyperthyroidism and Thyrotoxicosis
Knowledge Update Programme 5:1-16: 2006
Published by Maharashtra University of Health sciences Nashik
42. PlasmaKineticSuperpulse transurethral resection versus conventional transurethral resection of prostate.
Patankar S, Jamkar A, Dobhada S, Gorde V.
J. Endourol2006 Mar;20(3):215-9
43. Proposed Model Of Case Based Learning For Training Undergraduate Medical Student In Surgery
Dr. A.V. Jamkar, Dr. W.Burdick, Dr. P.Morahan, Dr. V. Y. Yemul, Dr. Sarmukadam, and Dr. Gurpreet Singh:, *Indian Journal of surgery (Oct 2007) 69:176-183*
44. B J Knot in laparoscopic Surgery
Medical Journal of Western India. 34: 92-98,. 2006
BJMC Diamond Jubilee special issue

45. An Overview of Problem based Learning *Dr. Arun Jamkar and Dr Payal Bansal Knowledge Update Programme 33:1-11: 2008*
Published by Maharashtra University of Health sciences Nashik
46. Extended-dose nevirapine to 6 weeks of age for infants to prevent HIV transmission via breastfeeding in Ethiopia, India, and Uganda : an analysis of three randomized controlled trials
Lancet 372:300-313,2008.
Results adapted by WHO as guidelines 2009
47. Hand made endotrainer-Role in learning laparoscopy technique
Date, S. Jamkar, A.
INDIAN JOURNAL OF UROLOGY , VOL 20; SUPP, pages IU-2,2004

Completed projects:

1. Nevirapine in Prevention of Mother to Child Transmission of HIV:
A collaborative project with Johns Hopkins University USA.
Results of project have been incorporated into recent WHO guidelines.
2. Immunosensitised Porcine Lymph node cell and transfer factor Therapy
in Carcinoma Maxilla (MS dissertation+ ICMR project)
3. Natural Killer cell activity and Interferon Parameters in Oral cancer
(Ph D Project).
4. An International Epidemiological Study “Acute Pain in Abdomen”
Collaborative project with World Congress of Gastroenterology (OMGE):
An International Study “Acute Pain in Abdomen”.
Project Director Dr. Ohmann of University of Düsseldorf, Germany.

5. Myocutaneous flaps in Head and neck Oncology
6. Management of Stricture Urethra by various modalities
7. Computer Data Base Analysis of clinical Picture and Computer aided Decision making in Acute abdomen
8. Clinical study of Laparoscopic surgery
 - a) Study of knots and sutures in laparoscopy
 - b) Study of CO2 insufflators and Electric cautery in laparoscopic surgery
10. Integrated Teaching Programme for undergraduates at B J Medical College Pune with Student Centered Case Base Learning (Medical education Project on Problem based Learning)

Clinical Trials Conducted:

1. Comparative evaluation of Ibuprofen and Ibuprofen + Paracetamol in Management of postoperative pain
2. Sodium picosulphate vs. bisacodyl in bowel clearances prior to radiological examination: A clinical evaluation
3. Double blind, randomized placebo controlled, cross over clinical trial of Sildenafil Citrate in Male Erectile Dysfunction
4. Double blind, randomized placebo controlled, cross over clinical trial of Tadalephil in Male Erectile Dysfunction
5. Double blind, randomized placebo controlled clinical trial of a sublingual Apomorphine in Male Erectile Dysfunction

Ongoing Research:

Principal Investigator of Clinical Trial Unit (CTU) of BJMC and SGH was awarded by the National Institutes of Health (NIH) for two International AIDS research networks, , AIDS Clinical Trials Group (ACTG) and International Maternal Pediatric Adolescents AIDS Clinical Trials (IMPAACT) in collaboration with Johns Hopkins University, Baltimore, USA. (Ranked in first 5 applications globally).

Studies under ACTG:

1. A5207: Maintaining Options for Mothers Study (MOMS) - A Phase II Randomized Comparison of Three Antiretroviral Strategies Administered for 7 or 21 Days to Reduce the Emergence of Nevirapine Resistant HIV-1 Following a Single Intrapartum Dose of Nevirapine – Completed enrollment and study participants are in follow-up
2. A5253: Sensitivity and Specificity of Mycobacterium Tuberculosis Screening and Diagnostics in HIV-Infected Individuals,” dated February 3, 2009. Enrollment ongoing
3. A5225: A Phase I/II Dose-Finding Study of High-Dose Fluconazole Treatment in AIDS-Associated Cryptococcal Meningitis dated March 25, 2009. Will start enrolling from October 15th 2010

Studies under IMPAACT:

1. P1060: Phase II, parallel, randomized, clinical trials comparing the responses to initiation of NNRTI-based versus PI-based antiretroviral therapy in HIV-infected infants who have and have not previously received Single dose Nevirapine for prevention of Mother-to-child HIV transmission. Enrollment complete and follow-up ongoing.
2. P1070 Version 1.0 entitled, “Dose -FINDING AND Pharmacogenetic STUDY of Efavirenz in HIV-Infected AND HIV/TB CO-INFECTED infants and CHILDREN ≥ 3 MONTHS TO <36 Months of Age” dated November 4, 2008. Enrollment ongoing.

Patents:

My Ph.D. student has devised a ***volume priority CO₂ insufflator***. It has been patented by under Indian Patent number 1234/Mum/2010/dated 15/04/10.

Other patents applied are for

- Laparoscopic clamp in collaboration with Om Surgical, Mumbai
- Modified single port laparoscopic surgery. Applied 15/09/10

1. Steps taken to improve Research in MUHS

- Research methodology workshops compulsory for Postgraduate students and Postgraduate teachers
- Research papers compulsory for promotions of faculty
- Five research papers are compulsory to enter into any Statutory Authority of the University; this is introduced quality of faculty coming into University.
- Awards for publications in reputed journals for the recognised teachers of MUHS.
- Research Grants for Teachers & Students of MUHS.
- Travel Grants for Teachers for research paper presentation in foreign countries.
- Award for Paper Publication in National & International Journal for Teachers.

2. Ph D regulations

- Ph. D by publication of research in international peer-reviewed indexed journals, If 5 papers published in a journal with impact factor more than 0.5 , scholar need not submit thesis
- **Representation for Health care Industry in Board Of Research.**
- **Industry laboratories recognized as Ph. D Center** of the University. and scientist in labs recognised for guide

Organizational Experience

1. Organizing Secretary, Workshop on management of stricture urethra organized by West Zone of Urology society of India and Urology Society of Pune held at B J medical College Pune from 21st and 22nd June 1987
2. Secretary, Poona surgical Society Pune for year 2001-2002
3. Treasurer, Poona surgical Society Pune for year 2002-2003
4. Vice President, Poona surgical Society Pune for year 2004-2005
5. President, Poona surgical Society Pune for year 2005-2006
6. Treasurer, Urology Society of Pune for 2003-2005
7. Chairman, Audio Visual Committee of various conferences
8. Chairman, Audio Visual Committee ASICON 2003
9. Vice Organizing Chairman, ASICON 2003, 63rd Annual conference of the associations of surgeons of India, Held at Bharati Vidyapeeth on 25th -30th Dec 2003
10. Workshop coordinator, First International workshop Management of Benign prostatic hyperplasia - B J medical College Pune Oct 2004
11. Organizing Chairman, 8th Basic Instructional course in Colo- Rectal Surgery organized by Assoc. Of Colo-rectal surgeons of India and Poona surgical Society held at B J Medical College Pune from 5th -9th April 2005
12. Workshop Coordinator, of Live International workshop on prostate Surgery at B J Medical College Pune Organized by Institute Of urology and West Zone USI on 29-30th May 2004
13. Chairman, Dr M J Joshi Felicitation Committee B J Medical College Pune
14. Organizing Vice Chairman, 9th Basic Instructional course in Colo-Rectal Surgery organized and annual conference of Assoc. Of Colo- rectal surgeons of India and Poona surgical Society held at Bharati Vidyapeeth on Sept 2006.
15. Vice President, B J Medical College Past student and staff Association
16. Chairman, Organizing Committee for Diamond Jubilee Celebration of BJ Medical College Pune
17. Organizing Secretary, "CME –2008 update on Surgery" organized by Department of Medical Education & Technology, Maharashtra University of Health Sciences Regional Centre, Pune on 23rd & 24th February 2008 at Yashwantrao Chavan Natyagriha Kothrud Pune
18. Organizing Secretary, Research society of B J medical College Pune from 21st and 22nd oct 1987

Presentation in Conferences and MET sessions

1. Surgery Education Leaders Summit (SLES) 2005: Shaping the future by 2010 At Grand Hyatt Hotel , Santacruz East , Mumbai June 18th -19th 2005 presented “ **Problem based Learning and OSCE for India** ”
2. First GSMC FAIMER Regional Institute - A faculty development program in collaboration with FAIMER-ECFMG participated as a Faculty in Project evaluation of Five projects with group discussion
3. First CMCL FAIMER Regional Institute - A faculty development program in collaboration with FAIMER-ECFMG participated at Christian Medical college Ludhiana , participated as a Faculty and delivered a session on “ **Problem based Learning** ” for faculty across the country 11th to 14th Jan 2006
4. International College Of Surgeons And XVIth Joint Congress Of Asia & Pacific Federations & 51st Annual Conference Of Indian Section, Hotel J W Marriott Juhu, Mumbai November 24-27th 2005 presented lecture on “**Case based Learning in Surgery**”
5. First State Conference on Medical Education on “Present Status of Medical Education. Lacunae, Standards and the way forwards for betterment: At R C S M Medical college Kolhapur on 14th Sept 2007
 - i. Delivered guest Lecture on “Challenges And Issues In Medical
 - ii. Education In India “ and “ Case Based Learning In Surgery
6. National Conference on Medical Education –Building capacity in Medical Education: A National perspective organized by K L Wig Centre for Medical Education & Technology, All India Institute of Medical Sciences, New Delhi in collaboration with Foundation for Advancement of International Medical Education & Research, Philadelphia, USA 15-17 Nov. 2007 :Certificate of Appreciation awarded for valuable contribution to the conference as a faculty and resource person
7. Faculty in The 1st National Seminar On “Training Methodology In Medical Education’. Organized by Indian Orthopedic Association from 23-25th November 2007 at Bharati Vidyapeeth Medical College Conducted sessions on “**Problem based Learning**”
8. Delivered Guest lecture on 1. Case Based Lear 2. Technology in Medical Education In “Advanced Workshop on Health sciences Educational Technology” organized by Department of Medical Education & Technology, Maharashtra University of Health Sciences Regional Centre, Pune on 2/08/08 to 9/08/08

9. Delivered Guest lecture on and *Conducted Session on 1 .List Serve 2. ML web Discussion at GSMC-FAIMER Regional Institute An Educational Leadership Development Program for the South-Asia Region* A Collaborative project of Seth GS Medical College, KEM Hospital Mumbai, India & Foundation for Advancement of International Medical Education and Research, ECFMG, Philadelphia, USA
10. Advanced Workshop on Health sciences Educational Technology”” organized by Department of Medical Education & Technology, Maharashtra University of Health Sciences Regional Centre, Pune on 2/04/09 to 9/04/09
11. Guest Lecture and Interactive Seminar conducted on
 1. Change management
 2. Conflict Management
 3. Stress Management
12. National conference on Health Professional education organized by Department of Medical Education & Technology, Maharashtra University of Health Sciences Regional Centre, and FAIMER a Pune on 2/04/09 to 9/04/09
 - a. Conducted a session on “Facilitating Clinical Learning , Appreciative enquiry on clinical learning and Case based learning”
 - b. Chaired a session on ‘ Inter active posters final presentation
13. National Seminar on “Nursing Leadership and Management" as member of resource person organized by Symbiosis College of Nursing, Pune - 7th and 8th May 2010. Delivered a guest lecture on "Appreciative Inquiry and Nursing Leadership"
14. Maharashtra University of Health Sciences Regional center, organized seminars for Deans on "Issues and Challenges in Health Sciences Education - 14th March 2010, at Sahyadri Guest House, Mumbai. Delivered guest lecture on "Challenges for colleges and examiners Examination reforms

(7) Demonstrated Experience in Leadership

7.1 As Vice Chancellor of MUHS

Sl.	Brief description of nature of leadership activity and role played	Documented evidence of achievements in leadership
01	Proved leadership in swine flu epidemic at Pune in 2009	Provided great leadership in Sassoon Hospital to handle Critical cases of Swine Flu Infection and mobilized all hospitals in Pune to handle the challenge.
02	German Bakery Bomb blast Management at Pune in 2010	Led the medical team and saved several lives during 'German Bakery Bomb Blast' in Pune. Due to professional efficiency in managing such kind disaster was appreciated by the Government as well as Israeli experts.
03	Association of Indian Health Sciences Universities as Chairman	For addressing issues of State Health Universities at National & International platform.
04	INDUS EM 2012	Successfully organized international conference on Emergency Medicine
05	Inclusive Innovation 2013	Deloitte Report December 2013
06	AVISHKAR 2010 21 Jan 2011,	Successfully organised in MUHS
07	INDRADHANUSHYA 2011 05 to 09 Nov. 2011,	Successfully organised in MUHS
08	KRIDAMOHOTSAV 2013 27 Nov. 01 dec. 2013	Successfully organised in MUHS
09	West Zone Inter University Tennis Championship organized in Nashik	Successful organization with collaboration of Associations of Indian Universities.
10	Asia Pacific National Nodal Centre of UNESCO Chair in Bioethics Established in MUHS	Appointed as Chair Professor, Establishment of Asia Pacific National Nodal Centre of UNESCO Chair in Bioethics in MUHS

11	ISO Certification	Lead team to Certify MUHS as ISO9001:2008.
12	Member, Group of Experts set up to study the existing Indian Medical Council (IMC) Act, 1956 :	Ammended the Medical Council (IMC) Act,
13	Utilization of Public Sector / Semi Govt. or Corporate Sector Hospital beds, for teaching purposes of PG students.	There are so many Public Sector / Semi Govt. or Corporate Sector Hospital beds, which are not utilized for teaching purposes and lot of clinical material is available in these hospitals that are not used for teaching purposes which will be used at least for PG teaching. Keeping this in mind MUHS has signed a Memorandum of Understanding for setting up a joint PG institute in collaboration with Pimpri-Chinchwad Municipal Corporation, Pune.
14	Medical Ethics, Soft Skills, Values in Medical Education have been introduced in the syllabus.	The module of this has been prepared and after the approval of Academic Council it has been included in the Syllabus and it is being taught by the Colleges.
15	Promoting Research in Instrumentation & Robotics for Surgery	MUHS with Persistent System, Pune conducted a "National consultation for Promoting Research in Instrumentation & Robotics for Surgery
16	MUHS Industry Collaborative Research	Rresearch will be sponsored by industry (Maharashtra Ayurvedic Cluster MAC).
17	Family adoption scheme:	For implementation of health services introduced by MUHS
18	Nashik Kumbha Mela 2015 (Bystander Training)	Trained Police, home Guards, Nursing staff,
19	Triveni Balposhan Scheme	
20	Anti plagiarism:	Anti plagiarism committee constituted to avoid theft of literature /research work/ duplication of research
21	PubMed indexed journal :	Education for Health being published by MUHS (earlier it was with Maastricht University, The Netherlands). Two issues published
22	To impart values in life of Medical Students	A new programme called VIHASA (Value in Healthcare - A Spiritual Approach) adopted by University. On 16/02/2013 1st workshop for students & Teachers was conducted at MUHS, Nashik.

23	Further, to achieve goal of paperless University ,	University has developed software for various day to day activities including automation of Inward/Outward Teacher Database, installation of Network, online degree verification, digital library etc.
24	Complete automation of eligibility/exam section.	University has signed MOU with MKCL (Maharashtra Knowledge Corporation Limited) for
25	University has implemented Video Conferencing Technology:	University has implemented Video Conferencing Technology in its Head Office & Regional Centre through which University conducts meeting ,discussion with authority/officers. Through Video Conferencing University can save a lots in terms of cost & time of various stakeholders of the University.
26	Protection of digital data of MUHS	University has installed a strong firewall, antivirus server in its network to protects computer installed at University premises.

7.1 As Dean B J Medical College, Pune

1. As a Dean, of B .J. Medical College Pune, a well known and pioneer Medical institute, I put my vision to bring in reality with the help of my faculty and with generous financial support from Govt. of Maharashtra. As a net result I can claim that B.J. Medical College, Pune is one of well equipped colleges, having almost all advanced equipments in different fields of Medicine. We have improved Medical Teaching with the help of brilliant and experienced faculty. I am able to use all organizational skills inculcated and management Techniques acquired at FAIMER to make B J M C as the best Medical institute in India. In recent surveys it has been accorded as Top 3 in India.
2. In addition I have played a leading role in curtailing swine Flu Epidemic in Pune and offered a leadership to Sassoon General hospitals in establishing H1N1 isolation ICU creating respiratory and Ventilator care management and large patient care facility for critically ill
3. Leadership in Patient care at German bakery Blast cases acclaimed by Hon. Home Minister, Govt. of India.
4. I have developed a keen interest in field of HIV Research as Principal Investigator of Clinical Trial unit (CTU) at B .J. Medical College, Pune under National Institute of Health USA. I have attended as training session in HIV Research organized by ACTG (Aids Clinical trial Group) at Washington recently on 24th to 28th June 2009). Recently the research done on Mother to Infant transmission at BJMC CTU has been translated as WHO guidelines that speak of quality of research done here.

5. I have passion for newer technology including using IT in Medicine; Presently I am leading a total computerization project at BJMC Pune. at to begin with all OPD services are made paperless.
6. As the Dean of B J. Medical College, I am regional head for conducting Common Entrance Test for admission to various medical Courses for admitting UG students (MHT-CET) and for post graduate courses (PGM CET) for four Districts viz. Pune, Ahmednagar, Solapur & Satara. For MHT-CET students over 60,000 appear the examination simultaneously. More than 5000 employees mainly from Revenue Department are involved in conduct of the examinations.
7. I have discharged responsibilities to conduct smoothly and in time various undergraduate and post graduates examinations of Universities.
8. I have been working as the Chairman of Regional Transplant Authorities for Human Organs.
9. As the Dean I discharge the responsibilities as the Appellate Authorities under RTI.
10. As the Dean of the Hospital, I lead the team of 198 specialist, 329 residents, 800 nursing and 700 support staff who take care of over 6 lacs OPD and 7 lacs patient days IPD, performing 20000 major surgeries(general surgery, orthopedics, obst. & gynaecology etc).
11. In my tenure the College celebrated the Diamond Jubilee Year. As a commemoration of the function Govt. of Maharashtra sanctioned Rs.64.3 Crores as a Special Package for improvement of training and patient care. This amount was effectively utilized in renovating various operation theatres in the Sassoon Hospitals, Pune, to bring it to international standards.
12. I was instrumental for giving birth to the idea of constructing 11-Storey new building for the hospital so as to cater mainly the Superspeciality services for the patient in underprivileged classes.

PART B

(1) Experience of working on the Statutory Authorities

- **Vice-Chancellor MUHS 21 Dec. 2010 to 21st Dec 2015**
1. As a vice chancellor appointed under section 14 of MUHS act 1998, I was the **principal executive and academic officer** of the University and ex-officio Chairperson of the Management Council, Academic Council, Board of Examinations, Finance Committee and Library Committee, and have presided meetings of the senate. Governing 321 colleges of five faculties in state of Maharashtra, Medical 34, Dental 25, Ayurved 59, Unani 06, Homeopathy 44, Allied Health Sciences 153 which includes Nursing, Physiotherapy etc.
 2. I have overseen and monitor the **administration of the academic programmes and general administration** of the University
 3. I have **ensured that the provisions of the Act, Statutes, Ordinance Rules and Regulations are strictly observed** and that the decisions of the authorities, bodies and committees which are not inconsistent with the Act, Statutes, Ordinances, Rules or Regulations are properly implemented.
 4. I was **responsible for planning, policy making and implementing and monitoring of activity of University**
 5. To **improve quality of academic governance and transparent administration**, and by Motivated MUHS staff for **certification of MUHS by ISO 9001: 2008**
 6. **MBA Healthcare:** Initiated unique programme in Health Care administration which is entirely conducted by experts in various domains of management for the Health Professionals.
 7. **University Institute outside campus:** Started concept of constituent colleges outside the University campus. Under the scheme two institutes were given permission to conduct MBA in Health care

1.

➤ **Various academic positions held in MUHS such as**

1. Senate Member, 23 Mar. 2009 to 20 Dec. 2010
2. Faculty of Medicine 18 June 2007 to 20 Dec. 2010
3. BOS Member Clinical Super speciality Medical Subjects (Surgery & Allied) (UG) 18th June 2007 to 20th Dec. 2010
4. Chairman BOS (Board of studies)Clinical Medical Subjects (Surgery & Allied)(UG) 18 June 2007 to 12 May 2009
5. Chairman Board of Studies of Surgery- MUHS Nashik 2001-2003, Member of Academic Council and Faculty of Medicine.
 - Organized various workshops for development of Syllabus for III MBBS in surgery and Internship Programme.

➤ **Member of Academic Council, Dr. D Y Patil University Pune ,**

1. I have an **experience of working on Academic Council of Deemed University established under section 3 UGC Act like HBNI**, so this experience may be useful for me to govern the activities of BHNI, Mumbai.
2. During my tenure as member of Academic Council, Dr D Y Patil University Pune has got **NAAC accreditation with 3.72 highest standard** to the University.
3. Implemented new MCI regulations, Competency Based Medical Education, Credit Based Curriculum Development etc.

➤ **Member of Faculty of Medicine BharatiVidyapeeth Deemed University,Pune**

I have an experience of working on curriculum design & development of various courses under Medical Faculty.

➤ **Member, Inspection team of Association of Indian Universities, New Delhi 3rd February 2012 to 4th February 2012 for permanent membership of KLE University Belgaum,**

(2)Experience of handling Quality Issues, assessment and Accreditation

➤ Vice-Chancellor MUHS 21 Dec. 2010 to 21st Dec 2015

1. To **improve quality of academic governance and transparent administration**, and by Motivated MUHS staff for **certification of MUHS by ISO 9001: 2008**
2. I have tried to **maintain and improve quality of health professional education in 310 colleges** of various faculties.
3. I have tried to improve equality in medical education by introducing **faculty development workshops** in education, **established separate department** of Medical education and appointed first Professor of Medical education.
4. Introduced **communication skills & values** in medical education in the curriculum of health sciences under the University for improvement of “Doctor-Patient Relationship”
5. **Various fellowship courses** for generation of subspecialty expertise for the benefit of society developed. This was an brave attempt to get **corporate sector** medical institute in main stream medical education. **Around 90 courses are conducted in more than 50 major hospitals in Maharashtra**
6. I was instrumental in introducing '**Master’s Degree inHealth Professions Education (MHPE)** ,with the help of faculty in the US and India, with financial assistance under **Obama-Singh 21st Century Knowledge Initiative**, a collaborative project between Maharashtra University of Health Sciences and **University of Michigan**.
7. I have introduced **concepts competency based education, credit based syllabus & Portfolio based assessment** of students.
8. I have introduced **teachers Performance Evaluating system**, separate approval for academic & administrative activities in MUHS.
9. For increasing the quality of HPE colleges during Local inquiry Committee (LIC), I made **Academic Audit as mandatory requirement** for grant of the University Affiliation, **LIC reports made available online** - For sake of

aspirant Parents and Students, Video Shooting of LIC for making procedure more transparent.

10. To strengthen the evaluation system for student, I have initiated **online setting of question Papers, online transmission of question papers, Central assessment for UG and PG exam & and devised scenario based question papers** during theory examination to get away from question paper based on total recall
11. Set up **new direction for establishing constituent colleges outside campuses.**
12. Improvement in **Communication between management of affiliated institutes and University** by conducting regular meetings & organizing workshops.

(3)Experience as Ph.D. Guide

Sl.no.	Student	Thesis title	Period of guideship	Ph D awarded in
01	HemantBhansali	Study of Laproscopic surgery	2005	2013
02	Dr. ShaileshPuntambekar	Laproscoy in Pelvic Oncology	2008	Under process
03	Dr. Pradip Sharma	Myocutaneous Flaps in Head & Neck Surgery	2004	Under process
04	Dr. Avinash Pulate	Evalition of joint replacement	2012	Under process
Experience to Guide Post Graduate students by Prof. Dr. Jamkar				
Sl.no.	Student	Thesis title	Period of guideship	MS. awarded in
01	SanjivNeurosurg Desai:	Role of nuclear scan (DTPA) in management of non functional kidneys	1996 - 1999	1999

02	Dr. LondheNitinkumarSudhakarrao:	"Clinicopathological correlation of Craniocerebral trauma"	1985-1988	1988

24	Dr. Gurupreet Singh	Role of Laparoscopy in Hepatic Surgery	Dec 2005	2008

(4) Experience of Youth Development : ***Organization of student centric activities***

During tenure of Vice- Chancellor ,

- (1) Communication Skill has been added in the exiting Syllabus of MUHS
- (2) Psychiatric Counseling for student. This scheme is already operating on pilot basis in 15 colleges of Nashik District. MUHS has appointed Psychiatrist from Nashik and will bear the consulting & counseling charges of the needy students.
- (3) Inclusive Innovation 2013 : Sandbox session to showcase research.
- (4) AVISHKAR 2010 on 21 Jan 2011,
- (5) INDRADHANUSHYA 2011
- (6) KRIDAMOHOOTSAV 2013
- (7) West Zone Inter University Tennis Championship organized in Nashik
- (8) Medical Ethics, Soft Skills, Values in Medical Education have been introduced in the syllabus.
- (9) Family adoption scheme for students of MUHS.
- (10) Earn & Learn scheme for students of MUHS.

- (11) VIHASA (Value in Healthcare-A Spiritual Approach)
conducted for imparting values in Medical Students.
- (12) Complete automation of eligibility/exam section.
- (13) Research Scholarship for students.

During Tenure of Dean

- (1) Websites started for guiding and interacting with students:
jamkarstudents.blogspot.com/ -
in.groups.yahoo.com/group/jamkarstudents
- (2) Created Anti-ragging Cell :
Ease of contact : Email,SMS, phone, drop-box
- (3) Security system is upgraded
- (4) Formed Student-Parent interaction forum
- (5) Started Student – teacher Preceptor concept
- (6) Provided Bank facility in the campus
- (7) Made Phone and Internet facility available
- (8) Class-rooms are renovated
- (9) Hostel was renovated
- (10) Canteen facility upgradated
- (11) Gymkhana is renovated
- (12) Deserving students are provided Free books,Scholarships,Prizes
Research facility - ICMR
- (13) At RCSM medical College, Kolhapur participated in organizing inter-college cultural festival," Olympus.
- (14) Set up a psychological counseling and psychological support center with the help of "Art of Living" in Kolhapur. Regularly meditation programmes are being practiced by students as well as faculty.
- (15) As a Dean, B.J. Medical College, organized similar inter-collegiate

cultural festival i.e.

- **'Vedanta'** (Annual Sports and Cultural Inter-collegiate festival),
 - **'Gadagkar Karandak'** (Indian Classical programme),
 - **Mr. Medico** (Inter-medical collegiate body building competition),

 - **'Jagatik Marathi Divas'** (Sports and cultural events), Hostel Premier League Sports Tournament, Night Cricket Tournament,
 - **Medi-cricket** (BJ Trophy - Inter collegiate cricket season- ball tournament).
- (16) Motivated the organization of inter-disciplinary seminars, inter-departmental quizzes viz. Pharmacology, Radiology, Pediatrics and guidance sessions for newly admitted students.
- (17) Assisted students in organizing street plays on social and health issues i.e. AIDS, Anemia etc.
- (18) Recently have played a key role in upgradation of Central library, renovation of Ladies common room
- (19) A basket ball court and a well equipped fitness junction gymnasium with inputs from past students and Sancheti hospital.
- (20) Encourage students under the banner of "Prachitee" to do community and health services in Melghat for last 3 years.

PART C

Skills and Competencies

(1) TECHNICAL SKILLS

(i) Openness towards Technology

1. FAIMER Fellow (Foundation for Advancement of International, Medical Education & Research), Philadelphia, USA 2004
2. Curriculum research Project on “Problem based learning”
3. FAIMER faculty for all three regional FAIMER centers in INDIA
4. Faculty for Department of Medical Education & Technology, Maharashtra University of Health Sciences Regional Centre Pune
5. Chairman , MET cell B J Medical College Pune
6. Member MET Unit of Director of Medical Education and Research, Govt. Of Maharashtra
7. Mentoring of Faculty of medicine on FAIMER, GSMC FAIMER, CMCI FAIMER, PSG FAIMER, NCME goggle group I Online Programme advising for Curriculum Research projects
8. Delivered various sessions on Medical educational Technology at Conferences, and workshops
9. Resource Person- National Conference on Medical Education –Building capacity in Medical Education organized by K L Wig Centre for Medical Education & Technology, All India Institute of Medical Sciences, New Delhi in collaboration with 15-17 Nov. 2007
10. Resource Person- National conference on Health Professional education organized by Department of Medical Education & Technology, Maharashtra University of Health Sciences Regional Centre, and FAIMER at Pune from 2/04/2009 to 9/04/2009.

Training in Educational Technology

1. Attended Course on “Medical Educational Technology” conducted by MIDA, Pune from 5/12/88 to 16/12/88 (In-service Training Programme).
2. Participated in the course on “Educational Technology” Medical Education) of Yashawantrao Chavan Academy Of Development Administration, Pune from 26/7/93 to 31/7/93.

3. Fellowship in International Medical Education at Philadelphia US by FAIMER, a subsidiary of ECFMG for three weeks in Oct 2004 and 2005 with Intersession activity in Medical Education at B J Medical College Pune and session 2 in Oct 2005
4. Attended Medical Council Of India , Platinum Jubilee Celebrations Commemorative International Workshop held on 2nd and 3rd March 2009 at Convention Hall Hotel Ashoka New Delhi
5. Attended Course on “Medical Educational Technology” conducted by MIDA, Pune during 5/12/88 to 16/12/88(In-service Training Programme).
6. Participated in the course on “Educational Technology” (Medical Education) of Yashawantrao Chavan Academy Of Development Administration, Pune from 26/7/93 to 31/7/93.

Papers in the field of Medical Education:

1. Integrated teaching programme with student centered case based learning for undergraduates at B J Medical College Pune: *Medical Education* 2006 May; 40(5):466-7.
2. Proposed Model Of Case Based Learning For Training Undergraduate Medical Student In Surgery *Indian Journal of surgery* (Oct 2007) 69:176-183
3. An Overview of Problem based Learning Knowledge Update Programme 33:1-11: 2008 Published by Maharashtra University of Health sciences Nashik

Presentation in Conferences and MET sessions

1. Surgery Education Leaders Summit (SLES) 2005: **Shaping** the future by 2010 At Grand Hyatt Hotel , Santacruz East , Mumbai June 18th -19th 2005 presented “ **Problem based Learning and OSCE for India**”
2. First GSMC FAIMER Regional Institute - A faculty development program in collaboration with FAIMER-ECFMG participated as a Faculty in Project evaluation of Five projects with group discussion
3. First CMCL FAIMER Regional Institute - A faculty development program in collaboration with FAIMER-ECFMG participated at Christian Medical college Ludhiana , participated as a Faculty and delivered a session on “ **Problem based Learning**” for faculty across the country 11th to 14th Jan 2006
4. International College Of Surgeons And XVIth Joint Congress Of Asia & Pacific Federations & 51st Annual Conference Of Indian Section, Hotel J W

Marriott Juhu, Mumbai November 24-27th 2005 presented lecture on “**Case based Learning in Surgery**”

5. First State Conference on Medical Education on “Present Status of Medical Education. Lacunae, Standards and the way forwards for betterment: At R C S M Medical college Kolhapur on 14th Sept 2007, Delivered guest Lecture on “Challenges And Issues In Medical Education In India “ and “ Case Based Learning In Surgery
6. National Conference on Medical Education –Building capacity in Medical Education: A National perspective organized by K L Wig Centre for Medical Education & Technology, All India Institute of Medical Sciences, New Delhi in collaboration with Foundation for Advancement of International Medical Education & Research, Philadelphia, USA 15-17 Nov. 2007 :Certificate of Appreciation awarded for valuable contribution to the conference as a faculty and resource person
7. Faculty in The 1st National Seminar On “Training Methodology In Medical Education’. Organized by Indian Orthopedic Association from 23-25th November 2007 at Bharati Vidyapeeth Medical College Conducted sessions on ‘ **Problem based Learning**”
8. Delivered Guest lecture on 1. Case Based Lear 2. Technology in Medical Education In “Advanced Workshop on Health sciences Educational Technology” organized by Department of Medical Education & Technology, Maharashtra University of Health Sciences Regional Centre, Pune on 2/08/08 to 9/08/08
9. Delivered Guest lecture on and *Conducted Session on* 1 .List Serve 2. ML web Discussion at GSMC-FAIMER Regional Institute *An Educational Leadership Development Program for the South-Asia Region* A Collaborative project of Seth GS Medical College, KEM Hospital Mumbai, India & Foundation for Advancement of International Medical Education and Research, ECFMG, Philadelphia, USA
10. Advanced Workshop on Health sciences Educational Technology”” organized by Department of Medical Education & Technology, Maharashtra University of Health Sciences Regional Centre, Pune on 2/04/09 to 9/04/09
11. Guest Lecture and Interactive Seminar conducted on
 1. Change management
 2. Conflict Management
 3. Stress Management
12. National conference on Health Professional education organized by Department of Medical Education & Technology, Maharashtra University

- of Health Sciences Regional Centre, and FAIMER a Pune on 2/04/09 to 9/04/09
- a. Conducted a session on “Facilitating Clinical Learning , Appreciative enquiry on clinical learning and Case based learning”
 - b. Chaired a session on ‘ Inter active posters final presentation
13. National Seminar on “Nursing Leadership and Management” as member of resource person organized by Symbiosis College of Nursing, Pune - 7th and 8th May 2010. Delivered a guest lecture on "Appreciative Inquiry and Nursing Leadership"
14. Maharashtra University of Health Sciences Regional center, organized seminars for Deans on "Issues and Challenges in Health Sciences Education - 14th March 2010, at Sahyadri Guest House, Mumbai.
- a. Delivered guest lecture on "Challenges for colleges and examiners :Examination reforms

(1)(ii) SKILLS : Reasonably high level of comfort in the use of technology

- Laparoscopic surgery was introduced in 1990. I was ready to accept it. Sassoon Hospital got first of video laparoscope from Fujinon on donation. I learnt the technique myself and we were pioneer in developing the skills at Sassoon General Hospital. Subsequently it has developed into one of finest institutes imparting the laparoscopic surgery to postgraduate students.
- I was member of a team which were the first to perform kidney transplants in Pune I went to UK on JN Tata Endowment Fellowship to learn it further and took institute in cadaveric transplant programme
- Started Video conferencing for international clinical meetings, faculty interactions and training programmes in tuberculosis conducted.
- Telemedicine programme successfully implemented for treating rural patients.
- Computerization and networking of all hospital and college.

(2)(i) Managerial Skills: Event Anticipation & Strategic Planning

- ⇒ My Managerial role in Swine flu epidemic as Dean BJMC Pune
 - During Swine flu epidemic Sassoon hospital started its first Isolation ICU with Ventilator arrangement within 4 days of first Patient reported in Pune.
 - We were ready with that First facility by that time First Pt was wheeled in
 - We planned for further management all over Pune by training all Doctors from Public health. Involved all Hospitals in Pune and took their help in creating ICUs and IIWs in Pune that was Public Private Model of Pune
 - We worked as a " Think tank". Contributed in changing GOI guidelines , viz. drug regimens , Ventilator protocols etc.

- ⇒ Anticipating water shortage in RCSM Govt Medical College Kolhapur campus got a sanction of Rs. 1.8 crores from District planning commission for separate Pipe line. The work is in progress now
 - Understanding that patient care can only be improved if we have PG education in this college, personal efforts were made and PG courses in 11 disciplines were started in Kolhapur.
 - Anticipating shortage of space at Shenda Park campus, Kolhapur, personally tried to procure land from Dy. Director of Leprosy from Leprosy Hospital.

- ⇒ Pune Model of Swine flu management was end result of this ability. I was able to convince 14 hospitals in Pune to start Isolation wards and respiratory ICUs. As a net result 243 bed and 45 ventilators were available. All Health care providers in Pune District, PMC, PCMC, Cantonment Boards, Civil Surgeon and Rural Hospitals, DHO with all PHCs, School Health authorities were the stake holders in swine flu management. All were taken into main flow and the better swine flu

management was the result.

- ⇒ District Adoption Plan was conceptualized with 5 medical colleges to deliver expert service at rural hospitals in Pune. Pune district was divided into five zones and each medical college looking after two talukas co-ordination done with six rural hospitals with Civil Surgeon and DHO with all PHCs as feeder. The scheme is being implemented from 1st May 2010.
- ⇒ Pune Model of disaster management plan being implemented with 16 hospitals in Pune with an aim to reach medical relief at disaster site within 20 minutes.

(2)(ii) Managerial Skills: Resource Generation & Allocation

1. Worked effectively towards getting additional funding for BJMC during Diamond Jubilee year of Rs 64.3 crores sanctioned by Cabinet and is distributed over 4 years. These funds were allocated to all round technological development of college. We upgraded two operation theater complexes, installed MRI, ESWL, Hyperbaric Oxygen, Holmium Lasers, LED OT lights, and procured all advanced new instruments for all departments.
2. Renovation of main Auditorium, Lecture halls, hospital office done
3. New Sassoon Hospital Building was planned and the construction work is in progress. Additional funds needed to the tune of Rs.45 crores were allocated for this project due to my efforts.
4. Applied for AIIMS status to Govt of India with the proposals of Rs.500 crores and following it at all levels to make it a reality.
5. Thirty one additional PG seats were allotted and I have submitted a proposal of Rs.87 crore for upgradation of infrastructure. GOI team of experts from Dept of Health and Family welfare has completed inspection.
6. Renovation of Burns ward with Air conditioners from Pune municipal corporation.
7. MLA and MP funds for purchase of Ambulance, Cardiac surgery theater up gradation.
8. Successfully procured resources from Private sectors ,NGOs and philanthropists.
 - Rayat Shikshan Sanstha, Satara was persuaded to renovate a hall into a conference hall in memory of Padmabhushan Karmaveer Bhaurao Patil (Founder) who breathed his last in this Hospital.
 - Garware Wall Ropes donated 2 High End Ventilators costing Rs. 24 lakhs to Swine flu ICU.
 - Rotary has given a lot of funding to Sassoon hospitals for :
 - Neonatal ICU in Post partum ward

- Documentation and data storage in WHO Record Section
- Zanamivir supply in Swine flu wards
- Transition ICU in Post Partum ward
- 50 wheel chairs for patients
- Bajaj Allianz organized Free Insurance cover for all health care providers in Swine Flu ward
- SOFOSH helping all Sassoon Patients in buying equipments
- Jeevan jyot contribution in Burns ward
- Poona surgical donating LCD projector
- Similar lot many donations are received by Donation committee of BJ medical College

(2)(iii) Managerial Skills: Intelligent Planning With tight Deadlines

1. As a Dean, I am in charge of MHTCET, PGM CET, SSTCET, Nursing CET, and several other entrance examinations for Pune Division.
2. As a Regional head, Dean is In-charge of 4 districts of Pune, Solapur, Satara and Ahmednagar. Our team in collaboration with Revenue department conducts these examinations successfully on large scale in the tight schedule. In this we need to collaborate with schools, police, revenue department and others. It is said to be a role model of examination.
3. During Swine Flu outbreak, Sassoon acted as tertiary center and was working as an apex body of clinical management and worked under pressure of people, media and availability of resources.
4. In “German Bakery” blast mishap in Pune City in February 2010, our team immediately rushed to work with minimum response time and served under tight schedule. We managed large number of patients professionally and did a scientific triage which subsequently was appreciated by Hon. Union Home Minister Shri. P. Chidambaram.
5. At BJMC and Sassoon Hospitals we have to always work with limited resources and meet the deadlines in submitting proposals e.g. Diamonds Jubilee funds, Additional PGs, Budget allocation for non-plan grant, etc

(2)(iv)Managerial Skills : Financial Management Including Revenue Generation and Fiscal Control.

1. Efficient management of budgetary provisions in MUHS
2. Managing different types of fund under various heads
3. Attempting following Measures to control Fiscal deficit
 - a. Decrease non-plan expenditure
 - b. increase revenue : revision of service charges
 - c. seek additional budget
4. Successfully tapping help of NGO /*Philanthropist* / Corporate sector.
5. Attempt to procure Central government funding :
5. PPP Model being implemented for certain services

I have participated in the Workshop on “Financial Management in Govt. for Deans of Medical Colleges” organized by YASHADA (Yashawantrao Institute of Development Administration) Pune on 10/04/2008. This is indeed very useful to me for day to day financial management.

As a Dean of BJMC and SGH I have

- 105 crores Rs. of Budgetary allocation as Non Plan budget
- 20-25 crores as Plan budget for new equipments and Building constructions
- Plan budget from District planning committee
- PLA (Public Ledger Account) that is collected from our services at institute
- Non plan budget comes under 14 heads and 75% goes to salary
- 21-Material supply head is important that budget for Medicine, surgical equipments and daily supply
- We need to have tremendous fiscal control to see that we get supply till the end and we have to try very seriously at all levels to get more money under this head
- We indeed try very hard to generate revenue for patient care at all levels and we are getting this year funds from CF Contingency funds from government

Industry Funding

Untapped sources are from industry. Health sector industry of 2 types could be tapped for this purpose.

1) Instrument manufacturing companies 2) Pharmaceutical companies.

- Instrument manufacturing companies can sponsor Ph.D. programmes or postgraduate dissertation programmes.
- We need to encourage Ph.D. programmes in various disciplines that could use such fundings for devising new instruments or modifying instruments for Indian scenario.
- New ideas in instrument design could be tapped and those could be developed into reality by industry sponsorship e.g. My Ph.D. student has devised a volume priority CO₂ insufflator. It has been patented by under Indian Patent.
- Such Ideas should be explored. All faculties utilizing such equipment will definitely have new ideas for better patient management.
- Pharmaceutical industries in India after GATT agreement need to conduct independent clinical trial. Abundant number of patients in public hospitals affiliated to medical colleges could be used for this purpose.

International Funding

- Funding is available across the globe; the funds could be made available for doing research from National Institute of Health, European Union of Research etc. This will not only ensure high quality of research but also contribute to the financial stability of the University.
- Collaboration with foreign universities is another source of revenue generation. UoM can set up 'off campus' centre and conduct examinations for foreign universities to generate money. Student exchange programme could also be another source of income for the university.

(3) Alignment with Corporate Objectives, State & National Priorities

(i) Ability to identify the needs of the communities in key sectors

We have large population in rural areas which do not get effective higher Education. There is urgent need to increase General Enrolment Rate (GER) in higher education by reducing drop outs.

For Education system to produce graduates with desired employment, we need to strategically focus on “Education Modules with Enhanced Employability”. We must design various modules for a subject which would be adaptable to the students’ aptitude and skills desired. The curricular reforms have to be more need-base, skill-oriented and in alignment with latest developments in technology.

Mumbai city is Economic Capital of India, according to ‘World Economic Forum’ which judges an economy’s competitiveness. About five measuring parameters of economy’s competitiveness are related to ‘Education System’. Thus ‘Quality Education’ is essential for economic development of India.

I wish to inculcate innovative culture of ‘Customized Education’ as per needs of an individual (society, market & students) [N=1] by finding best resources globally [R=G] for commercial & industrial development .

An ambitious project of adoption of district in the state by different medical colleges who would travel on site and provide tertiary care on fixed days, was launched.

As Dean, B.J. Medical College, I co-ordinated this project in Pune District and motivated the private medical colleges viz.

- Bharati Vidyapeeth Medical College,
- MIMER medical college, Talegaon,
- Dr. DY Patil Medical College and
- Armed Forces Medical College

to participate in it. Each medical college is given 2 talukas.

The same model could be upscaled for the state and a vision to provide tertiary care

at the site by the medical colleges could be developed.

(ii) Deep understanding of the challenges before the nation and how Higher Education can respond to developmental needs

First challenge the University has to face is the shortage of skilled human resources. Skill enhancement through Customized education is essential.

1. I have tried to improve equality in medical education by introducing **faculty development workshops** in education, **established separate department** of Medical education and appointed first Professor of Medical education.
2. Introduced **communication skills & values** in medical education in the curriculum of health sciences under the University for improvement of “Doctor-Patient Relationship”
3. **Various fellowship courses** for generation of subspecialty expertise for the benefit of society developed. This was an brave attempt to get **corporate sector** medical institute in main stream medical education. **Around 90 courses are conducted in more than 50 major hospitals in Maharashtra**
4. I was instrumental in introducing '**Master’s Degree in Health Professions Education (MHPE)** ,with the help of faculty in the US and India, with financial assistance under **Obama-Singh 21st Century Knowledge Initiative**, a collaborative project between Maharashtra University of Health Sciences and **University of Michigan**.
5. I have introduced 13 vocational courses under the aegis of Bachelor of Paramedical Technology at B.J. Medical College. These will be job oriented courses for weaker sections of the Society.
6. Understanding the health care needs of the population, as a Dean BJMC started distant education courses in geriatrics and Maternal and Child Health under the flagship of Indira Gandhi National Open University. I contributed actively in the curriculum development of these courses after consultation with Janet Grant, Director of British National Open University.
7. Those fellowship courses in Geriatrics, were continued under MUHS

(iii) Demonstrable understanding of curriculum development issues, especially those relating to widening participation and social inclusion

1) As a Vice-Chancellor of Maharashtra University of Health Sciences, Nashik I have taken following initiatives

1.1 Introduced competency based curriculum in MUHS,

1.2. Started more than 100 Fellowship Courses on credit point system.

1.3 Pioneer in India for initiating competency based curriculum in Ayurved.

1.4 Included of bioethics in Health Sciences curriculum.

1.5 MBA Healthcare: Initiated unique programme in Health Care administration which is entirely conducted by experts in various domains of management for the Health Professionals.

2) As a Chairman of Board of Studies in Surgery, I was instrumental in developing curriculum of all subjects under the Board namely Surgery, ENT, Orthopedics, Ophthalmology. The curriculum was very much appreciated as it was encompassing all domains (cognitive, psychomotor and affective). It was complete exploration of ideas given by Medical Council of India and to be implemented by MUHS. The whole syllabus is still considered as an ideal by academic council and then Vice Chancellor Dr. Dongaonkar.

2) We redeveloped syllabus for postgraduate examination in all above subjects as per model of Rajiv Gandhi Medical University. However, it was not implemented as affiliation of postgraduate courses was deferred. However, next Board of Studies used it after requisite modifications.

3) As a Chairman, Board of Studies, I devised a totally new curriculum for internship programme. It was accepted by series of meetings with academic council and faculty after extensive brainstorming. The highlighting fact was MUHS was first to introduce psychomotor skill evaluation after each posting.

4) As a member of Ad-hoc Superspeciality Board, I was instrumental in developing for MCH Urology which was implemented subsequently.

5) I have reasonable competence as regards developing syllabus and curriculum in University level.

6) I was instrumental in modifying examination system and making it more objective. Introduction of SAQs and MCQs in the evaluation process is the end result of this activity.

4 Leadership Skills :

(i) Exceptional ability to motivate a diverse group of stakeholders

- (1) Student centric activities as elaborated elsewhere
- (2) Timely communication with parents of students
- (3) Encouraging teachers for doing research, attending workshops/CME by providing incentives
- (4) Frequent interactions/meetings with administrative staff
Government incentives like additional increments etc.
- (5) Generating funds from Corporate sector / Pharmaceuticals
- (6) Getting timely help of NGO and *Social organizations*
- (7) Active participation in improvement of University

As the Dean, BJ Medical College, I have experienced the need of motivating a diverse group of stakeholders for efficient running of the hospital. These include doctors, nurses, paramedical staff, support staff such as ward boys and sweepers, ancillary staff viz. kitchen staff including dieticians, linen and laundry staff.

NGOs have been motivated to work closely with us for the benefit of the Institute. These are Aniruddha Bapu Foundation, Jeevan Jyot and SOFOSH. With the help of these organizations we have arranged better management of patients' traffic in the casualty, help to transport the patients from the casualty to the respective area where they are admitted, better management of our burns ward and pediatric ward.

Around 32 committees have been constituted involving group of stakeholders.

- Pune Model of Swine flu management was end result of this ability. I was able to convince 14 hospitals in Pune to start Isolation wards and respiratory ICUs. As a net result 243 bed and 45 ventilators were available. All Health care providers in Pune District, PMC, PCMC, Cantonment Boards, Civil Surgeon and Rural Hospitals, DHO with all PHCs, School Health authorities were the stakeholders in swine flu management. All were taken into main flow and the better swine flu management was the result.
- Management of German Bakery Blast patients across 6 hospitals was another example.
- District Adoption Plan was organized with 5 medical colleges to deliver expert service at rural hospitals in Pune. Pune district was divided into five zones and each medical college looking after two talukas co-ordination done with six rural hospitals with Civil Surgeon and DHO with all PHCs as feeder. The scheme is being implemented from 1st May 2010.
- Pune Model of disaster management plan being implemented with 16 hospitals in Pune with an aim to reach medical relief at disaster site within 20 minutes.

ii) Keen desire to further the mission and goals of organization.

- (1) Because of my keen interest in academics I undertook fulltime teaching job in government medical college. So far I have gathered 32 years experience of teaching, research and administration in various capacities. During my career I have seen closely the needs in medical education and health sector. Thus I have developed a dream to serve at university level to fulfill these needs for

the state. This keen interest has prompted me to apply for this post of Vice Chancellor.

- (2) Main purpose of health science institutes is to offer better quality of life to all human kind. They need to be healthy for better development of creative talent and critical thinking
- (3) Creation and maintenance of health of population is goal to achieve. Healthy people create wealth and in turn prosper the nation healthy people are the one, who protect nation.
- (4) Control of infectious diseases, nutritional diseases and affective natural control of degenerative diseases with best of talents expertise and innovation in all pathies need to be done. Creation of a holistic doctor, who suits the needs of Indian health, is a dream that needs to come true.
- (5) Technology in medicine has revolutionized overall management of patient and is responsible for quality health care. It is costly and university needs to exert to see that it comes within reach of poor.
- (6) Educational goals : BJMC Pune in top 10 of the medical colleges.
- (7) Undergraduate result more than 90 %.
- (8) Postgraduate result more than 90 %
- (9) Upgradation of infrastructural facility for students
- (10) Administrative goals : efficient management of fiscal provisions as elaborated elsewhere.

(iii) Ability to think strategically and innovatively and maintain a broad perspective

- Since my student days I have inquisitive mind. My topic of Dissertation was very innovative on "Immunosensitised Porcine cell infusion in Ca maxilla", Later I added Transfer factor in my research project.
- After my post graduation degree though being in surgical subject, I

undertook PhD work on innovative topic with innovative methodology and completed it. This spirit reflects in my academic career so far. My research in the project of 'Acute pain in abdomen', my work in the Board of Studies in the University, my innovations like Jamkar's knotting technique, and my guidance to the student in developing new equipment and patenting are indicative of this spirit.

- When the first death due to Swine Flu occurred in Pune city public and administration had panic reaction. No body had experience to handle such acute airborne fast spreading fatal disease. I could make a successful strategy of overnight creating the Intensive Care Unit for Swine Flu in the general hospital campus with necessary norms and precautions instead of the designated infectious disease hospital which had no facilities and expert health manpower. This strategy became successful and critical patients from remote areas started pouring in and we could manage them. Government took note of it. Additional Chief Secretary of the Govt. and Minister personally appraised it and Govt. has continued this arrangement even today.
- This strategy was later extended by incorporating chain of private hospitals by having dialogue with them and giving the training. This 'Pune Model' was later taken as prototype for implementation in the country.
- Right from the first day I took charge as the Dean, I am working with strategy of future development. Milestones like renovation of Obstetrics & Gynaecology Operation Theatre first, then that of Orthopaedic OT, MRI, procurement of many equipments, planning and start of construction of new Sassoon Hospital building to the **latest submission of proposal of upbringing this college to the status of AIIMS** are indicative of the broadened perspective of the strategy I decided.
- Administrative reforms through BDS and HMIS.

- Surgical innovations : laparoscopy, renal transplant.
- Video conferencing and telemedicine for research and patient care.
- Strategic suggestions for disaster management plan and its implementation being exemplified by its implementation during "German Bakery Blast".

iv) Consultative Approach: New Ideas

(iv) Ability to lead by personal example with openness to new ideas and a consultative approach in implementation of the same

- I am quite computer savvy and can use information technology to leverage efficiencies on a tremendous scale in my day to day work in a goal oriented manner . This includes all Institutional functions from admissions, training activities, student ,trainer, parent and stakeholder feedback. Technology can be used as a backbone of Institutional activities along with modern educational innovations /strategic interventions.
- Can order any IT professional to create necessary infrastructure needed for Healthcare Environment including virtual learning environments .data mining /manipulation. Application of technology for benefit of students including wi-fi campus and online examinations
- Laparoscopic surgery was introduced in 1990. I was ready to accept it. Sassoon Hospital got first of video laparoscope from Fujinon on donation. I learnt the technique myself and we were pioneer in developing the skills at Sassoon General Hospital. Subsequently it has developed into one of finest institutes imparting the laparoscopic surgery to postgraduate students.

- Started palliative surgery OPD, carcinoma breast OPD and Laparoscopic surgery OPD at Sassoon Hospital, when experts in the field came to me and wanted to serve the poor patients.
- I was member of a team which were the first to perform kidney transplants in Pune I went to UK on JN Tata Endowment Fellowship to learn it further and took institute in cadaveric transplant programme
Worked with a Human right group to issue free food for relatives in the campus of Sassoon Hospital.

(5) Interpersonal & Collaborative Skills

(i) National & International collaborations

- Collaboration in Cadaveric transplant with "Freeman Hospital, New castle UK, Trained at in "Cadaveric Renal transplantation and Endoscopic urology" from Oct 96 to Feb 97 in Capacity of Clinical Fellow. Further interaction to promote Liver transplant In Pune
- An International Epidemiological Study on "Acute Pain in Abdomen". World Congress of Gastroenterology (OMGE) on Project Director Dr.Ohmann, of University of Düsseldorf, Germany. Represented India for survey, The clinical survey of Various clinical parameters of Acute abdomen
- Collaboration with Massachusetts General Hospitals on Clinico-pathological conference with BJMC Pune
- CDC Atlanta collaboration on Disaster management
 - Collaboration with Professor Isaac Ashkenazi Director, Urban Terrorism Preparedness, NPLI Harvard University, Cambridge, MA on Disaster preparedness
- International collaborative projects with Johns Hopkins University USA and BJMC CTU
 - An online HIV course in Adults and Pediatrics in collaboration with JHU. Approximately 200 participants attended this course from all over the world.
 - An online TB course in collaboration with JHU. Approximately 200 participants attended this course from all over the world

- HIV case discussion: A VC with faculty from BJ and JHU meet once a month (every 3rd Wednesday) to discuss cases in HIV. This activity was started in 2007 and still ongoing.
- Cardiology course: Cardiologist from JHU and BJ conducted an interactive case discussion session for medical students in JHU and BJMC

During the SWINE flu outbreak in 2009 a high level VC was organized between BJMC, JHU, CDC and WHO in which experts from the institutes discussed strategies to control the outbreak and best possible treatment options.

(5) Interpersonal & Collaborative Skills

(ii) Communication: One-to-one & Large forums

Orations Delivered.

1. Annual Conference of Association of Surgeons of Maharashtra at Beed On 12-13th December 1998. Delivered Dr. V. G. Gharpure Memorial Oration On "Oral Cancer".
2. Dr. S. N. Ghosh Memorial oration organized by National Institute of Virology, Pune on "**Path of my research Career**" on 8th November 2001
3. Dr. Misal Memorial Oration organized by Nanded Surgical Society on "NK cell activity and Cancer"
4. Oration on "Strees Management for Medicos" during 27th C.M.E. for G.P's on 13th February 2011 at Vishwa Bhavan, Pune.
5. Inauguration of 37th Annual Conference of the Research Society of B. J. Medical College & Sasson General Hospital, Pune on 18th March 2011 at B. J. Medical College & Sasson General Hospital, Pune. Delivered a Keynote address on 'Research Methodology' and 'Dixit memorial oration'.
