

NOTICE

Symbiosis College of Nursing (SCON) is proposing to organise a Webinar on 'Robotics: A Healthcare Innovation, on September 04, 2020.

We propose to have core experts in the field of Robotics.

The objective of this webinar is to;

- ♥ Illuminate on Healthcare Robotics
- ♥ Describe innovations in Robotic surgery
- ♥ Detail on perspectives of Robotics and Nursing

All the faculty members are hereby informed to kindly attend this informative Webinar.

By order

SYMBIOSIS COLLEGE OF NURSING (SCON)

WEBINAR ON

Theme: 'Robotics: A Healthcare Innovation'

PROGRAMME SCHEDULE

Date: September 04, 2020 Time: 10:00 am – 1.30 pm.

ZOOM Video Conferencing

Time	Session	Resource Person
10 am – 10:10 am	Registration	
10.10 am – 10.15 am	Welcome	
10.15 am – 10.30 am	Presidential address by – <i>Dr. Rajiv Yeravdekar , M.D., Ph.D.</i> <i>Dean, Faculty of Health Sciences, Symbiosis International (Deemed University)</i>	
10.30 am – 11:00 am	Robotics: Nursing Challenges	<i>Dr. Sharadha Ramesh</i> <i>Director - SCON</i>
11:00 am – 12.00 noon	Robotic Assisted Surgery : A new revolution in the field of surgery	<i>Dr. Himesh Gandhi</i> <i>Urologist, Robotic Urological Surgeon, Ruby Hall Clinic, Pune</i>
12 noon – 1 pm	Robotic Knee Replacement Surgery	<i>Dr. Hrushikesh Saraf</i> <i>Consultant Robotic Joint Replacement Surgeon, Shashwat Hospital, Pune</i>
1:00 pm – 1.15 pm	Feedback and Vote of thanks

Dear Dr. Himesh Gandhi

Greetings from Symbiosis College of Nursing!

Robotic surgery is a breakthrough in surgical technology, a boom in the use of innovative Robotic technology in India.

Symbiosis College of Nursing (SCON) is proposing to organise a Webinar on 'Robotics: A Healthcare Innovation, on September 04, 2020.

We propose to have core experts in the field of Robotics.

The objective of this webinar is to;

- Illuminate on Healthcare Robotics
- Describe innovations in Robotic surgery
- Detail on perspectives of Robotics and Nursing

You are definitely one of the eminent and resourceful professional with abundant experience and knowledge in the field of Robotic Surgery.

We would like to invite you to deliver a guest lecture on “ **Robotic Assisted Surgery : A new revolution in the field of surgery** ” on the said day between **11:00 am – 12.00 noon**

Your session will be on virtual Zoom platform.

The link will be shared with you subsequently.

We are expecting professionals from Healthcare Industry, Nursing students, Nursing officers and Nursing Administrators from various hospitals/colleges in Pune and other cities as our audience.

It will be our proud privilege to have an eminent person of your stature to share knowledge & expertise with our healthcare fraternity.

I request you to kindly accept our Invitation.

Dr. Himesh Gandhi
Urologist, Robotic Urological
Surgeon, Ruby Hall Clinic,
Pune

- **MBBS degree from the Government Medical College, Surat, Gujarat in 2007**
- **MS General Surgery degree from the B.P. Koirala Institute of Health Sciences, Dharan, Nepal in 2011**
- **MS Urology from Amrita Institute of Medical Sciences, Kochi, Kerala in 2015**
- **Clinical fellowship in Minimal Invasive Urological Surgery and Robotic Surgery, Singapore**
- **Expert in dealing with non-cancerous urological conditions such as BPH and kidney stones. He is a highly trained Uro-Oncologist and Robotic, Laparoscopic Uro-Surgeon in Pune.**
- **Expert in performing Green Light Laser, used in the treatment of Benign Prostatic Hyperplasia (BPH) and Retrograde intra-renal surgery (RIRS), a newer technique for removal of kidney stones using a fiber-optic endoscope.**
- **Membership**
 - ✓ **The American Urological Association (AUA),**
 - ✓ **Urological Society of India (USI),**
 - ✓ **Singapore Urological Association (SUA),**
 - ✓ **Urological Association of Asia (UAA) and**
 - ✓ **Robotic Surgeons Council of India (RSCI).**

Dr. Hrushikesh Saraf
Consultant Robotic
Joint Replacement
Surgeon,
Shashwat Hospital,
Pune

- **M.S. in Orthopedics from Sancheti Institute for Orthopedics & Rehabilitation PUNE.**
- **D.N.B. (Ortho) National Board Examination (Delhi).**
- **Lecturer in Orthopedics at SKN medical college, Pune.**
- **In-charge Orthopedic surgeon at Sainath Hospital Shirdi from 2003 to 2005.**
- **J & J Fellowship at Shalby Hospital, Ahmedabad.**
- **Currently, the General orthopedic & joint replacement surgeon in Shashwat Hospital Pune.**
- **He is a panel consultant at Ruby hall clinic & Poona hospital.**
- **Expertise**
 - ✓ **Robotic Knee Replacement**
 - ✓ **Joint Replacement Surgery –Total Hip & Total Knee Replacement**
 - ✓ **Deformity correction**
 - ✓ **Arthroscopy & Ligament reconstruction**
 - and
 - ✓ **Complicated Trauma Surgeries**
- **Membership**
 - ✓ **Indian Arthroscopy Society,**
 - ✓ **Maharashtra Orthopaedic Society &**
 - ✓ **Poona Orthopaedic Society.**

**Dr. Sharadha Ramesh,
Director, SCON**

- **Dr. Sharadha Ramesh has completed Ph.D. from Sri Ramachandra University,**
- **Alumnus of College of Nursing, CMCH, Vellore.**
- **Total 33 years of experience in various cadres of Nursing Service, Education and Research both in India and abroad.**
- **She has a huge contribution in publishing many research articles , books and chapters related nursing**
- **University of Wisconsin, Oshkosh, USA invited her for faculty exchange programme in 2006.**
- **Has travelled extensively to many countries as key note speaker.**
- **Madam holds crucial positions in various Research and Advisory Committees, Board of Studies, former Senate Member for TN Dr. MGR University , External Expert Member, Academic Council, Human Ethics Committee, University Library Committee Member, University Research Advisory member in various reputed Universities.**
- **Was one of the International invited panel expert member during 2013-2016 of Beta Nu Delta Inc – An International Philippines nurses society, an appointment given by the President.**
- **Had been conferred various prestigious awards like Sigma Theta Tau – Eta Pi Research award, USA, Best research paper award, 2010 and many more .**
- **Madam has organized and been invited for Many International and National Conferences**
- **Madam is Trained Adhoc inspector for Indian Nursing Council, New Delhi and Assessor for NAAC.**

SYMBIOSIS COLLEGE OF NURSING (SCON)
WEBINAR
ON
Theme: 'Robotics: A Healthcare Innovation'
Friday - September 04, 2020
REPORT

Symbiosis College of Nursing (SCON) conducted Webinar on 'Robotics- A Healthcare Innovation' on 4th September 2020.

The Robotics is a breakthrough in surgical technology and the year 2019 has seen a boom in the use of innovative Robotic technology in India. It is an effective, minimally invasive alternative to both open surgery and laparoscopy. Robotic is a growing field that has introduced a new range of instruments, procedures, and protocols into the standard OR suite. The safety and efficiency of robotic assistance in surgical practice depends significantly on the presence of a consistent, trained, and experienced Healthcare team. This Webinar was an attempt to ensure that the healthcare team members explore their knowledge and enrich on the aspects of healthcare with Robotics.

The objective of this Webinar was to;

1. Illuminate on Healthcare Robotics
2. Describes innovations in Robotics
3. Detail on perspectives of Robotics and Nursing

Dr. Sharadha Ramesh spoke on the need for robotic nurses and their responsibilities in the OR room. Also illuminated the fact that Nurses may face many challenges as the robots may take over the Nurses jobs in near future. There are many legalities associated with the use of Robots are employed across a variety of rehabilitative and socially assistive healthcare regimens. Robotic mobility aids, such as wheelchair robots and manipulator arms, are used in physical therapy. Emotional and psychological support can be provided by systems such as the PETS robot, designed to aid in pediatric rehabilitation through interaction and storytelling. The introduction of a robot into a healthcare situation adds complications to the assignment of liability if something goes wrong. There is the potential for damage to be caused to a patient, medical practitioner or other equipment if a robotic system malfunctions. Ethical issues arise in relation to agency and responsibility, with a need to establish who is in control and at what point a duty arises. Layers of liability come into play with the potential to assign blame to designers, programmers, medical staff and even the patient as the end-user. Dr. Sharadha spoke very well touching upon each and every aspect of Robotics and Nursing Challenges that it brings with it. All applauded the session.

Dr. Himesh Gandhi spoke well on the Robotic Assisted Surgery. Moreover, how it has boomed as a new revolution in the field of surgery. He mentioned the inception of Robotic Surgery and

the way it went through the transformation in the technology. He portrayed the way precision is maintained in the Robotic surgery. He shared the videos on Robotic surgeries that he has performed in Ruby Hall and explained in detail both conventional and robotic surgeries. He also spoke on fire fly technology used in visualizing the cancer in Kidneys. All-in-all, sir's presentation was a visual delight. He also answered the questions from Ms. Shruti Dabhade and Mrs. Manisha Mistry.

Dr. Hrushikesh Saraf aptly mentioned that Robotic surgery is the most opted surgery in Knee transplant due to its various benefits to the patient. Sir explained all the steps of how a conventional knee replacement surgery is done through a video. It was again a visual delight to all. He explained the robotic surgery steps also using a video. He gave details on each step involved in Robotic knee replacement which has a very good outcome when pain management, ambulation and cost is concerned. He answered all questions from Ms. Shruti Dabhade and Mrs. Manisha Mistry.

The Webinar was a very effective way of imparting the real essence of robotics and Nurses preparedness towards embracing the newer technologies with wide arms. It has seen as many as 170 delegates all the way from cities like Pune, Satara, Kerala, Chandrapur, Kopergaon, Goa, Mumbai, Daund, Nagpur, Ahmednagar, Osmanabad, Amaravati, Belgaum, Solapur, Lucknow, Wardha, Kanpur. The feedback was very good. Certificates were distributed to all those who participated.

FEEDBACK

The feedback was very good with some of the common comments (From the Google feedback form).

- It was well organised
- Everything was informative
- Overall is good
- Knee Replacement Video session
- According to me the session of Dr. Hrushikesh was very useful and valuable
- Clear view of new technology robotics
- Every aspect of this webinar was valuable
- Very knowledgeable session
- The robotics knee replacement surgery was very informative
- It was really valuable.
- As whole webinar was knowledgeable, it was very useful as we got lots of information regarding robotic in healthcare.
- Nursing care and robotics and the related challenges was very good.
- Over all good
- It was very interesting to learn about the usage of robotics in Indian health care aspects especially in performing surgeries.
- robotics techniques
- Each and every aspect of this webinar was equally valuable.
- Everything was perfect
- Related To the topic itself as I was not exposed to it
- The work of robot on various surgeries was really amazing and great to look at.
- Concerning the present pandemic webinar on Robotics was useful for health care professionals.
- The explanation of the surgeries
- The information was most useful
- This was a very helpful and effective webinar, as this technology is new so many of the medical student don't know about this so it was very helpful webinar for all and for me also. thank you to symboisis institute to organize the wonderful webinar.. thank you
- Application of robotics
- Everything thing was useful.
- Topic was clearly explained
- Technological Advancements in healthcare
- features of robotics surgery was explained specifically by Gandhi sir
- Dr. Gandhi was good
- Robotic surgery in orthopaedic
- Every part of the program was well-planned
- Improve knowledge and experience
- The session was useful.
- All the aspects of the webinar was useful and valuable

Eventually the Webinar could achieve the set objectives and was appreciated well by the delegates.

Dear Dr. Hrushikesh Saraf,

Greetings from Symbiosis College of Nursing!

On behalf of Symbiosis College of Nursing, I take this opportunity to thank you for your gracious presence at the Webinar on 'Robotics: A Healthcare Innovation, on September 04, 2020.

Your session on "Robotic Knee Replacement Surgery" was conducted very well and appreciated by all delegates. Your expertise in the topic is commendable. You kept the audience appreciably attentive during the whole session.

We, at Symbiosis College of Nursing, would like to acknowledge your valuable time devoted for the Webinar despite your busy schedule. Your gracious presence for the Webinar is thankfully acknowledged.

Looking forward to your support and association in all our future endeavours.

Please find attached the certificate for an impressive presentation.

Thank you,

With best compliments,

Dr. Sharadha Ramesh
Director ,
Symbiosis College of Nursing,
Symbiosis International (Deemed University)
Pune

Dear Dr. Hrushikesh Saraf,

Greetings from Symbiosis College of Nursing!

Robotic surgery is a breakthrough in surgical technology, a boom in the use of innovative Robotic technology in India.

Symbiosis College of Nursing (SCON) is proposing to organise a Webinar on 'Robotics: A Healthcare Innovation, on September 04, 2020. We propose to have core experts in the field of Robotics.

The objective of this webinar is to;

- Illuminate on Healthcare Robotics
- Describe innovations in Robotic surgery
- Detail on perspectives of Robotics and Nursing

You are definitely one of the eminent and resourceful professional with abundant experience and knowledge in the field of Robotic Surgery.

We would like to invite you to deliver a guest lecture on "Robotic Knee Replacement Surgery" on the said day between 12:00 Noon and 1:00 PM. Your session will be a virtual Zoom platform. The link will be shared with you subsequently.

We are expecting professionals from Healthcare Industry, Nursing students, Nursing officers and Nursing Administrators from various hospitals/colleges in Pune as our a audience.

It will be our proud privilege to have an eminent person of your stature to share knowledge & expertise with our healthcare fraternity.

I request you to kindly accept our Invitation.

PFA the brochure for the webinar.

Thanking you in anticipation,

With Regards,

Dr.Sharadha Ramesh

Dear Dr. Himesh Gandhi,

Greetings from Symbiosis College of Nursing!

On behalf of Symbiosis College of Nursing, I take this opportunity to thank you for your gracious presence at the Webinar on 'Robotics: A Healthcare Innovation, on September 04, 2020.

Your session on "Robotic Assisted Surgery: A new revolution in the field of surgery" was conducted very well and appreciated by all delegates. Your expertise in the topic is commendable. You kept the audience appreciably attentive during the whole session.

We, at Symbiosis College of Nursing, would like to acknowledge your valuable time devoted for the Webinar despite your busy schedule. Your gracious presence for the Webinar is thankfully acknowledged.

Looking forward to your support and association in all our future endeavours.

Please find attached the certificate for an impressive presentation.

Thank you,

With best compliments,

Dr. Sharadha Ramesh

Safety and Security Issues

Usage of robots in the healthcare sector

increasingly growing interaction with humans raises a series of new and challenging safety and security questions.

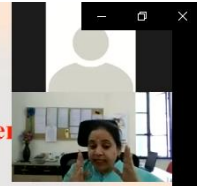

safety and avoidance of harm should be of utmost importance in healthcare domain

robots because of the involvement of **vulnerable people** such as ill and older adults and children.

need for an **improved technique that will eliminate or reduce safety-related failures** as well as **eliminating unpredictable behaviors**.

Specific concern about security is on **how to keep robots safe from being hacked**.

As powerful as technology become, it is important also to **check the activities of hackers** who might exploit the technology for nefarious activities.

A screenshot of a presentation slide. The main content area is divided into three sections: a large central image of an 'Ultrasound probe' in use, a smaller image of a mobile medical cart with a monitor, and a bottom-right image of a surgical instrument on a kidney. A video call window in the top right shows two participants. The slide includes a navigation toolbar at the top with options like 'View', 'Zoom', 'Add Slide', 'Play', 'Keynote Live', 'Table', 'Chart', 'Text', 'Shape', 'Media', 'Comment', 'Collaborate', and 'Format'. Technical data at the bottom of the ultrasound image includes 'TT2H MCI', 'A1A111-165010', '31-JAN-17 16:54:00', and 'MI 1.4 TD=0.4 AP=100% 44 FPS'. A page number '29' is visible at the bottom center.
